

Name	Main research area	Country
Acevedo, Nathalie	Asthma, atopic dermatitis, HDM allergy, type 2 inflammation in helminth infection, atopy, asthma genetics, allergy epigenetics, biomarkers, parasite immunomodulation	Colombia
Ahmetaj, Luljeta	Allergy, immunology	Kosovo
Baccioglu, Ayse	Allergic rhinitis, anaphylaxis, asthma, air pollution, drug allergy	Turkey
Bova, Maria	Angioedema	Italy
Bożek, Andrzej	Allergen immunotherapy, local allergic rhinitis, allergy in elderly	Poland
Cam van Esch, Betty	Eosinophilic esophagitis, nutrition (unprocessed milk proteins, short chain fatty acids), experimental models for food allergy and allergic asthma	Netherlands
Chong Neto, Herberito Jose	Asthma, air pollution, allergic rhinitis, hereditary angioedema, urticaria	Brazil
Damialis, Athanasios	Respiratory diseases, aerobiology, environmental health, COVID-19	Greece
Dan, Purushotam	Indoor allergen, asthma in children, atopic dermatitis	India
de Morais Silva, Pedro Tiago	Allergen immunotherapy, allergen sensitization	Portugal
Díaz Perales, Araceli	Food allergy, protein biochemistry, inflammation, mucosa	Spain
Dimitrievska, Deska	Asthma	North Macedonia
Eiwegger, Thomas	Food allergy, basophil activation test, molecular allergology	Austria
Ensina, Luis Felipe	Urticaria and drug allergy	Brazil
Gan, Kit Liang	Airway allergy	Malaysia
Haur Yueh, Lee	Drug allergy, severe cutaneous adverse drug reactions	Singapore
Herrera, Ana	Urticaria and atopic dermatitis	Mexico
Holbreich, Mark	EoE	United States
Holloway, John W	Genomics (genetics, epigenetics, epidemiology)	United Kingdom
Hrdy, Jiri	Effect of early postnatal probiotic application on neonatal immune system maturation and prevention of allergy development	Czech Republic
Humphreys, Jose	Primary care	Montserrat
Jafrey, SZ	Allergy	India
Kalpakioglu, Ayse Fusun	Mobile health in allergy, CRD, regulations & current allergy diagnosis, nasal NO	Turkey
Kase Tano, Luciana	Anaphylaxis, drug allergy, epidemiology, public health	France
Konstantinou, George	Urticaria, food allergy, pediatric asthma	Greece
Konstantinou, Gerasimos	Psychoimmunology, neuromodulation	Canada
Krisiukeniene, Algirda	Asthma, chronic airway inflammation, proteomics, primary immunodeficiency	Lithuania

Kurowski, Marcin	Exercise-induced asthma and bronchoconstriction, exercise immunology, food allergy	Poland
Larenas-Linnemann, Désirée	Asthma treatment (mild and severe), allergen immunotherapy, rhinitis, urticaria, COVID-19	Mexico
Lazova, Snezhina	Pediatric asthma, allergic rhinitis, atopy, lung function, viral respiratory infections in children, COVID-19 in children, MIS-C	Bulgaria
Mahesh, PA	Asthma, food allergy, COPD	India
Marković, Ivan	Allergy, immunology	Croatia
Merida Rodriguez, Pablo Manuel	Food allergy	Mexico
Moitra, Saibal	Asthma	India
Muñoz Cano, Rosa M	Food allergy and anaphylaxis	Spain
Navratil, Marta	Food allergy, drug allergy, primary immunodeficiency, asthma, atopic dermatitis, venom allergy	Croatia
Othman, Yasmin	Severe asthma in Kuwait population: phenotype-based approach	UK, Kuwait
Protudjer, Jennifer	Food allergy, burden, pediatrics, mixed methods, virtual care, oral immunotherapy, education	Canada
Rossi, Carlo Maria	Eosinophilic esophagitis, food allergy, Hymenoptera venom allergy, drug allergy	Italy
Schmid-Grendelmier, Peter	Atopic dermatitis, allergies in the tropics, allergies to eatable insects	Switzerland
Song, Woo-Jung	Cough, asthma, airway diseases	South Korea
Srivastava, Shetanshu	Aeroallergen sensitization in children	India
Sugita, Kazunari	Allergy, immunology	Japan
Venter, Carina	Food allergy and allergy prevention	USA
Vilifies, Harissios	Regulation of airway inflammation using mouse and human models, airway epithelial cells, protease-activated receptors and biomarkers of asthma	Canada
Yon, Dong Keon	Respiratory and allergic epidemiology and big-data analysis	South Korea
