

## STANDARDS FOR EAACI CERTIFIED CLINICAL and RESEARCH CENTRE (ECCC) ON IMMUNOTHERAPY

The centres having advanced research and educational activity in Immunotherapy are candidates for EAACI Clinic and Research Centre on Immunotherapy.

**In addition to basic standards for being an EAACI Certified Clinic Centre for immunotherapy, the centres should fulfill the criteria below:**

### **Obligatory standards:**

1. Having at least 3 research articles published on Immunotherapy in peer reviewed journals in the last 5 years (being 1st, last or corresponding author in at least 2 of them)
2. Having either their own research laboratory or access to a research laboratory

### **AND at least 4\* of below (Optional Standards):**

1. Having at least one member of the unit with a H-index  $\geq 20$  (Scopus or Web of Science)
2. Having participated in at least 3 reviews, task force reports or guidelines on Immunotherapy in the last 5 years in peer reviewed journals
3. Having at least 2 ongoing research activities (both clinical and translational) on Immunotherapy
4. Having participated in clinical trials or registries or multicentered study (at least 1 in the last 5 years) on Immunotherapy
5. Having at least 2 original manuscripts on immunotherapy published in Q1 or Q2 journals
6. Having at least 1 translational study on Immunotherapy published in peer reviewed journals
7. Having at least 5 abstract presentations on Immunotherapy in the last 5 years, including at least 1 in EAACI annual congress
8. Having a patent on Immunotherapy in the last 10 years
9. Offering or being affiliated with a MSc or PhD program on Immunotherapy
10. Providing theoretical and practical lectures/courses specifically focused on Immunotherapy for both undergraduate students and allergy/immunology fellows
11. Providing public information on Immunotherapy on a regular basis
12. Performing health advocacy activities on Immunotherapy

### **EVIDENCE (\* provide only those related to the selected criteria above)**

1. List of the active ongoing projects of the centre and their outcomes
2. List of the peer reviewed published articles on Immunotherapy of the centre with the link to full text or PubMed (the last 5 years)
3. List of the abstracts presented in congress (national and international) (the last 5 years)
4. Educational program of the centre
5. Evidence on health advocacy of the centre
6. Documentation on patent
7. Data on involving multicenter studies or registries
8. Data on public impact

#### **AREA FOR IMPROVEMENT**

1. The centres are encouraged to be involved in multicentered studies
2. The centres are encouraged to have Master of Science or PhD programs on Immunotherapy
3. The centres are encouraged to be involved in allergy & immunology fellowship programs or in graduate education
4. The centres are encouraged to participate in advocacy studies and public information
5. The centres are encouraged to present an abstract on Immunotherapy in an EAACI congress
