EAACI HandBook

5 EAACI TOMorrow – Design principles

Answer the question “What guides the creation of the TOM?”

01

From Informal to Standardized Processes

- Transition to documented, reliable workflows with more control over financial processes
- Introduce Standard Operating Procedures for core functions and promote consistency

02

From People Dependency to Role-Based Structures

- Reduce reliance on individual, informal and undocumented know-how
- Define clear responsibilities, accountabilities, and role descriptions

03

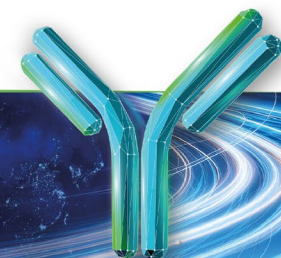

From Manual to Digital-Enabled Operations

- Reduce administrative overhead through digitization
- Improve speed, accuracy, and scalability of operations

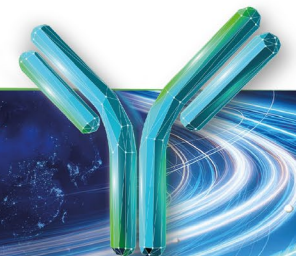

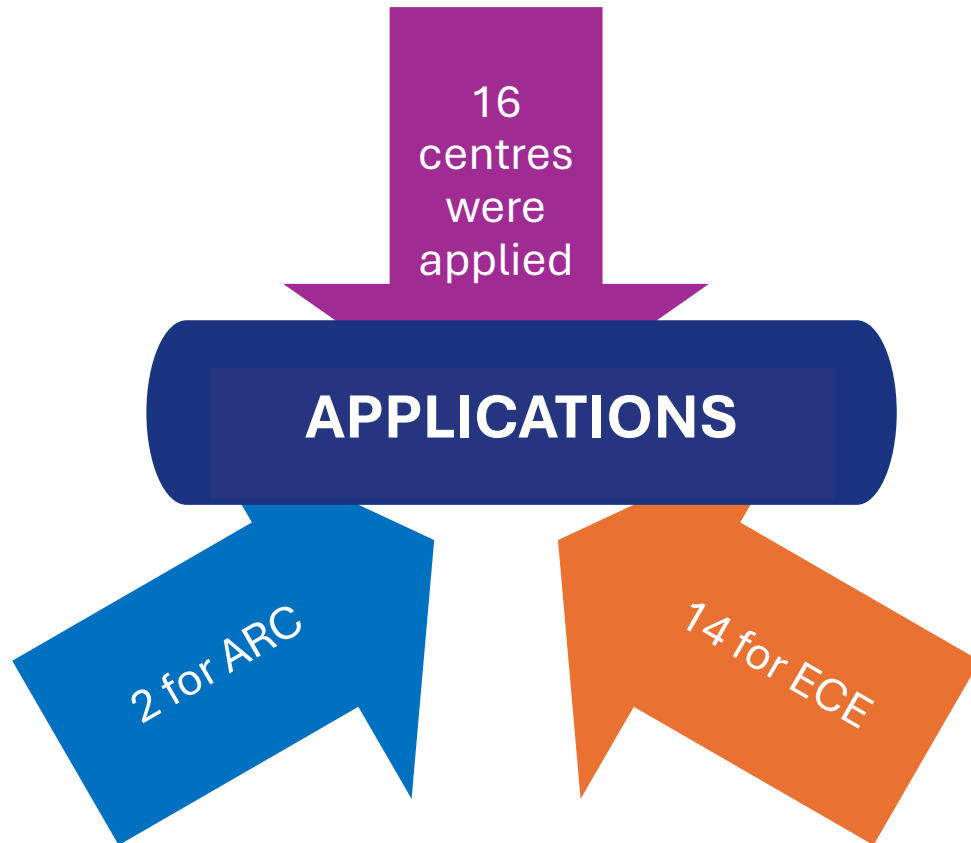

04

From Undefined Governance to Clear Decision-Making

- Define governance structures, decision rights, and escalation paths
- Embed (financial) compliance, reporting and risk management into processes

Congress

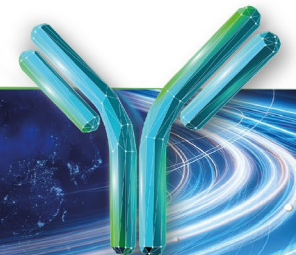

2 Beacon Leadership Assembly

MAIN GOALS

- To appreciate and pay respect to EAACI senior members
- To support socially EAACI senior members
- To promote the active participation of senior members within EAACI
- To benefit from the experience of EAACI senior members

ACTIVITIES

- “Beacon Leadership Village”
- A special corner on the webpage and regular articles in the EAACI review
- During the annual congress, certifications will be given to those members who have been 30 and 40 years active in EAACI.
- Senior-tailored social event during the annual congress
- Special session at the annual congress
- Podcast dedicated to seniors

EAACI Historian meeting

1950-1956

Defining the Framework

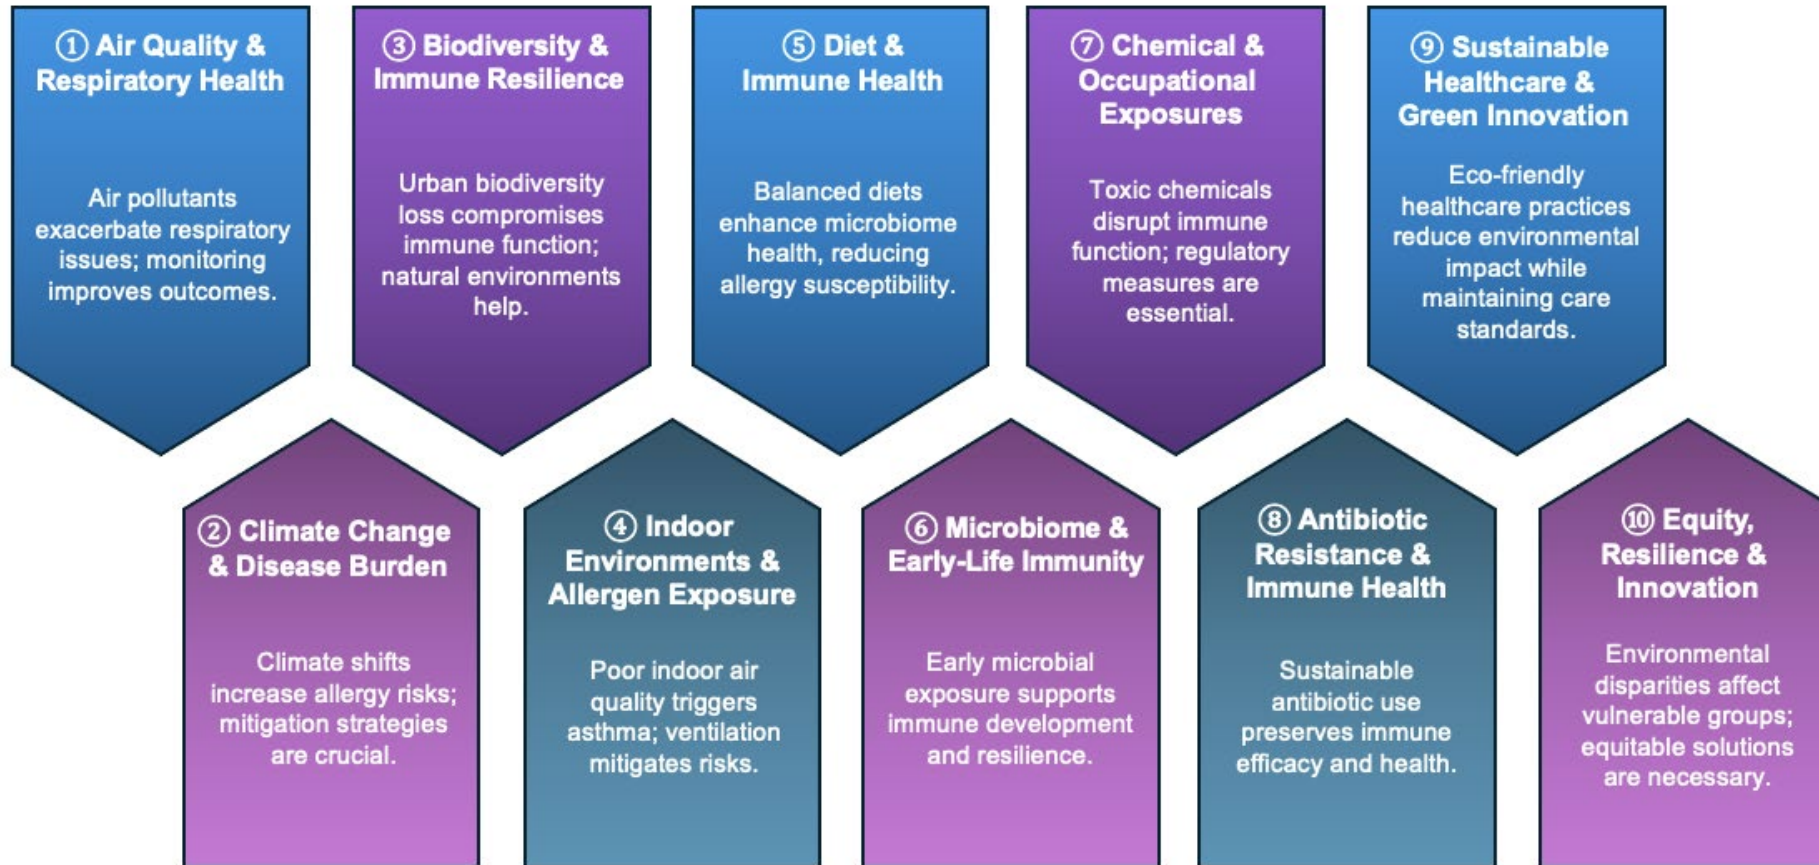

Key Pillars of Planetary Health

EAACI's Planetary Health framework is built on three interdependent pillars: Environmental Threats, Health Consequences, and Strategies for Mitigation and Adaptation

EAACI Decalogue on Planetary Health, Asthma, Allergies and Immunological Diseases.

A ten-principle framework demonstrating the interaction between environmental exposures and allergic or immune-mediated conditions in the context of planetary health.

3 New Curricula and Roadmap in Allergy

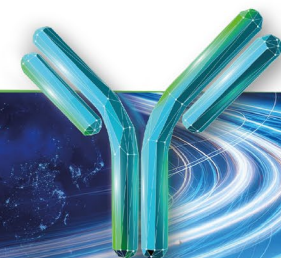

**Tailored Education
Committee**
Marta Ferrer

**Specialty and CME
Committee**
Dario Antolin
Radek Gawlik

Update the **new
curricula** and
roadmap
in Allergy
and in Immunology

Survey: a document on going

- Updating, improving, harmonizing previous speciality educational programs
- Allergology as a full speciality and Allergology as a subspeciality
- Theoretical knowledge and Practical skills

4 Improving undergraduate training

Landscape Analysis

- Introduction and setting up the meeting goals
- Situation of Allergology/Clinical Immunology in the medical undergraduate
- Situation of Allergology in the undergraduate medical education in Spain: a successful example
- Situation of Allergology/Clinical Immunology in the postgraduate medical education at the European level
- Clinical roadmap for Allergology in Europe
- Charting a course through Academia towards a professorship in Allergy and Clinical Immunology

Declaration of Salamanca Meeting

17-18 October 2025

Document

- Report/Discussion of RT
- Prioritization of key points, tasks and timelines

Round Tables

- I. Teaching Allergology/Clinical Immunology at the Medical Schools
- II. Basic Immunology for medical students & applied Allergology for science students: how to make it happen
- III. Innovative tools for an improved education in Allergology and Clinical Immunology
- IV. Country-specific regulatory aspects within Allergology and Clinical Immunology in the undergraduate education

Updated bylaws

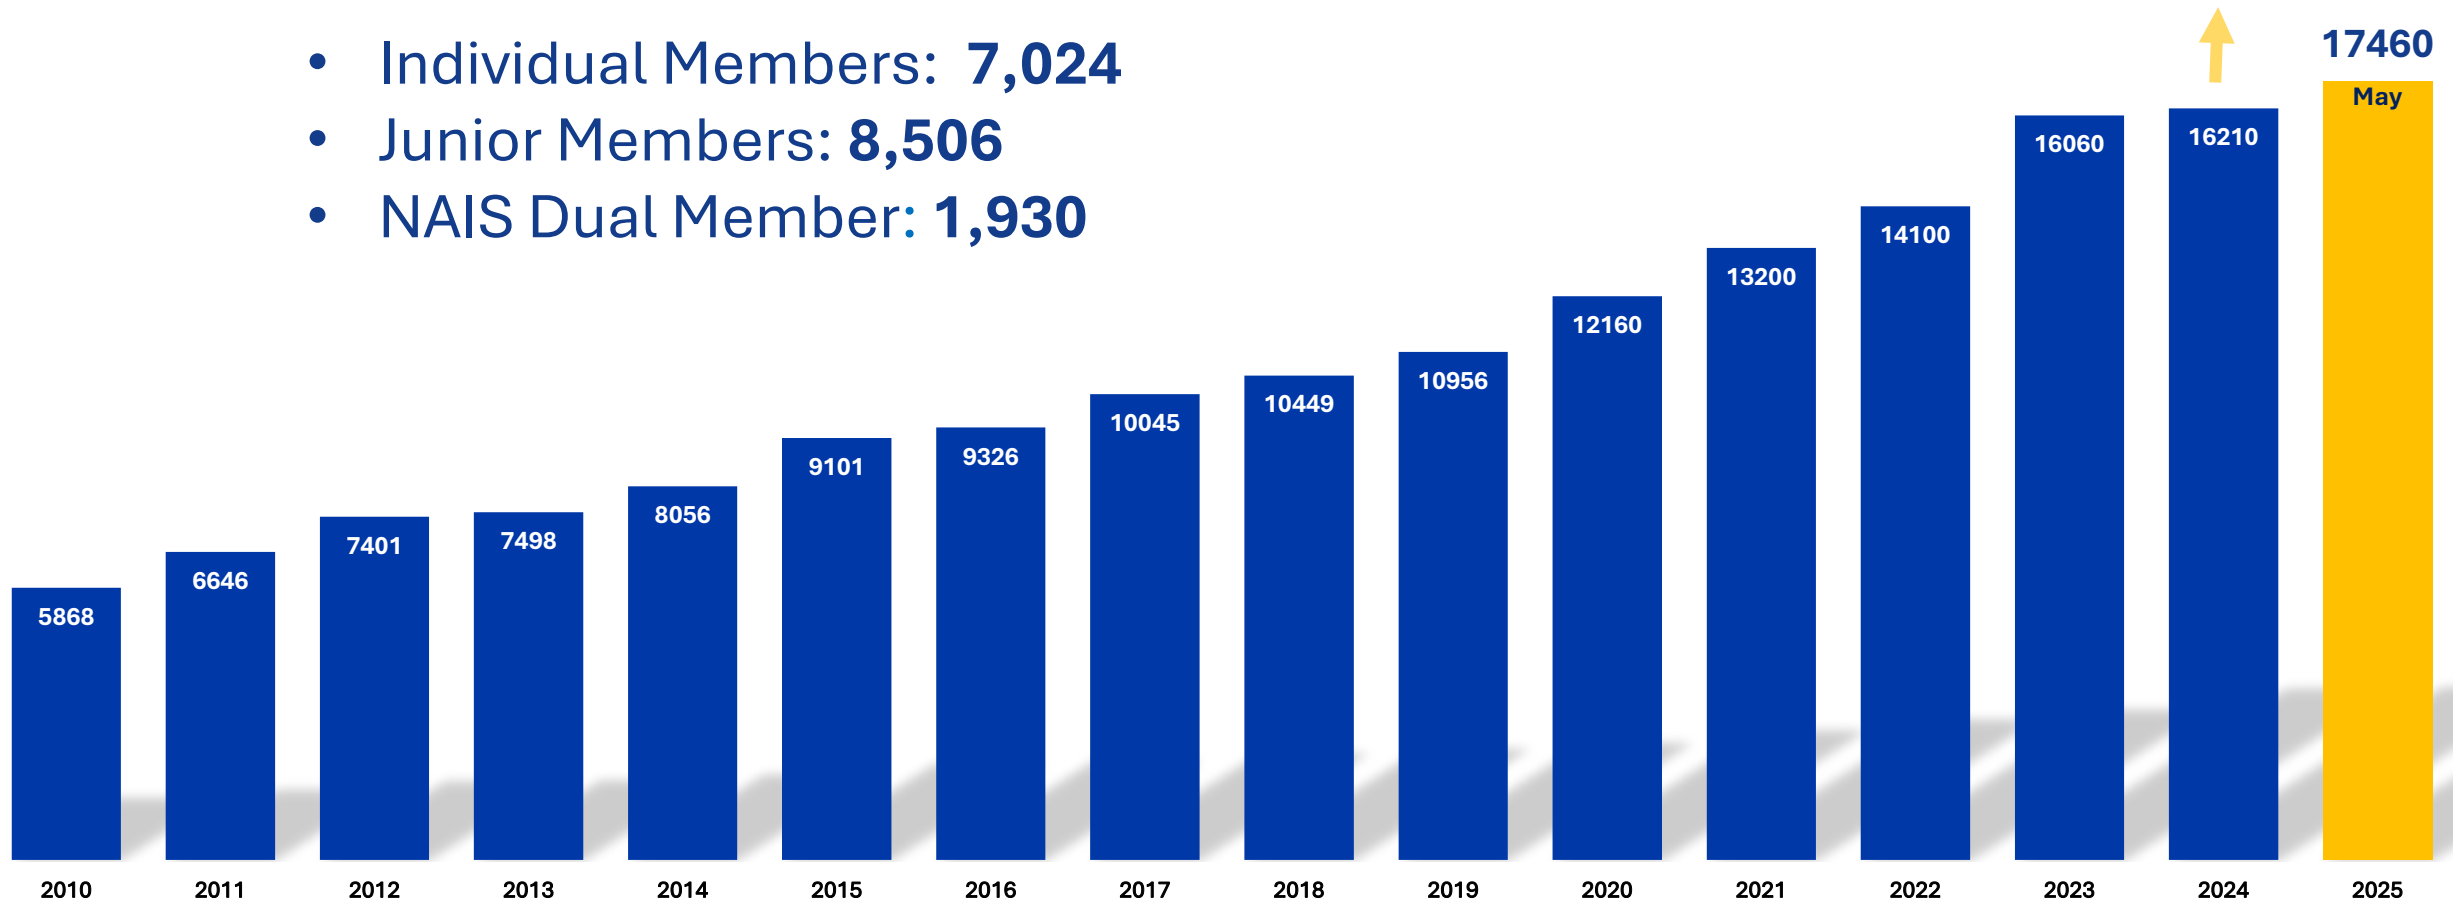

- Bylaw Article 2 – Editorial Activities
- Bylaw Articles 3, 4 and 12 – EAACI Sections, IG and WG
- Bylaw Article 5 – Membership Categories
- Bylaw Article 7 - Committees
- Bylaw Article 11 – ExCom/BoO Competencies
- Bylaw Article 14 – Delegate Chair and Delegate Secretary

17,460 members from 139 countries

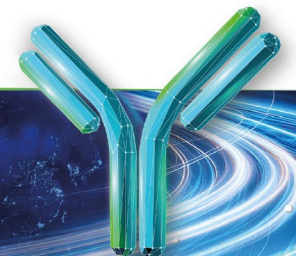

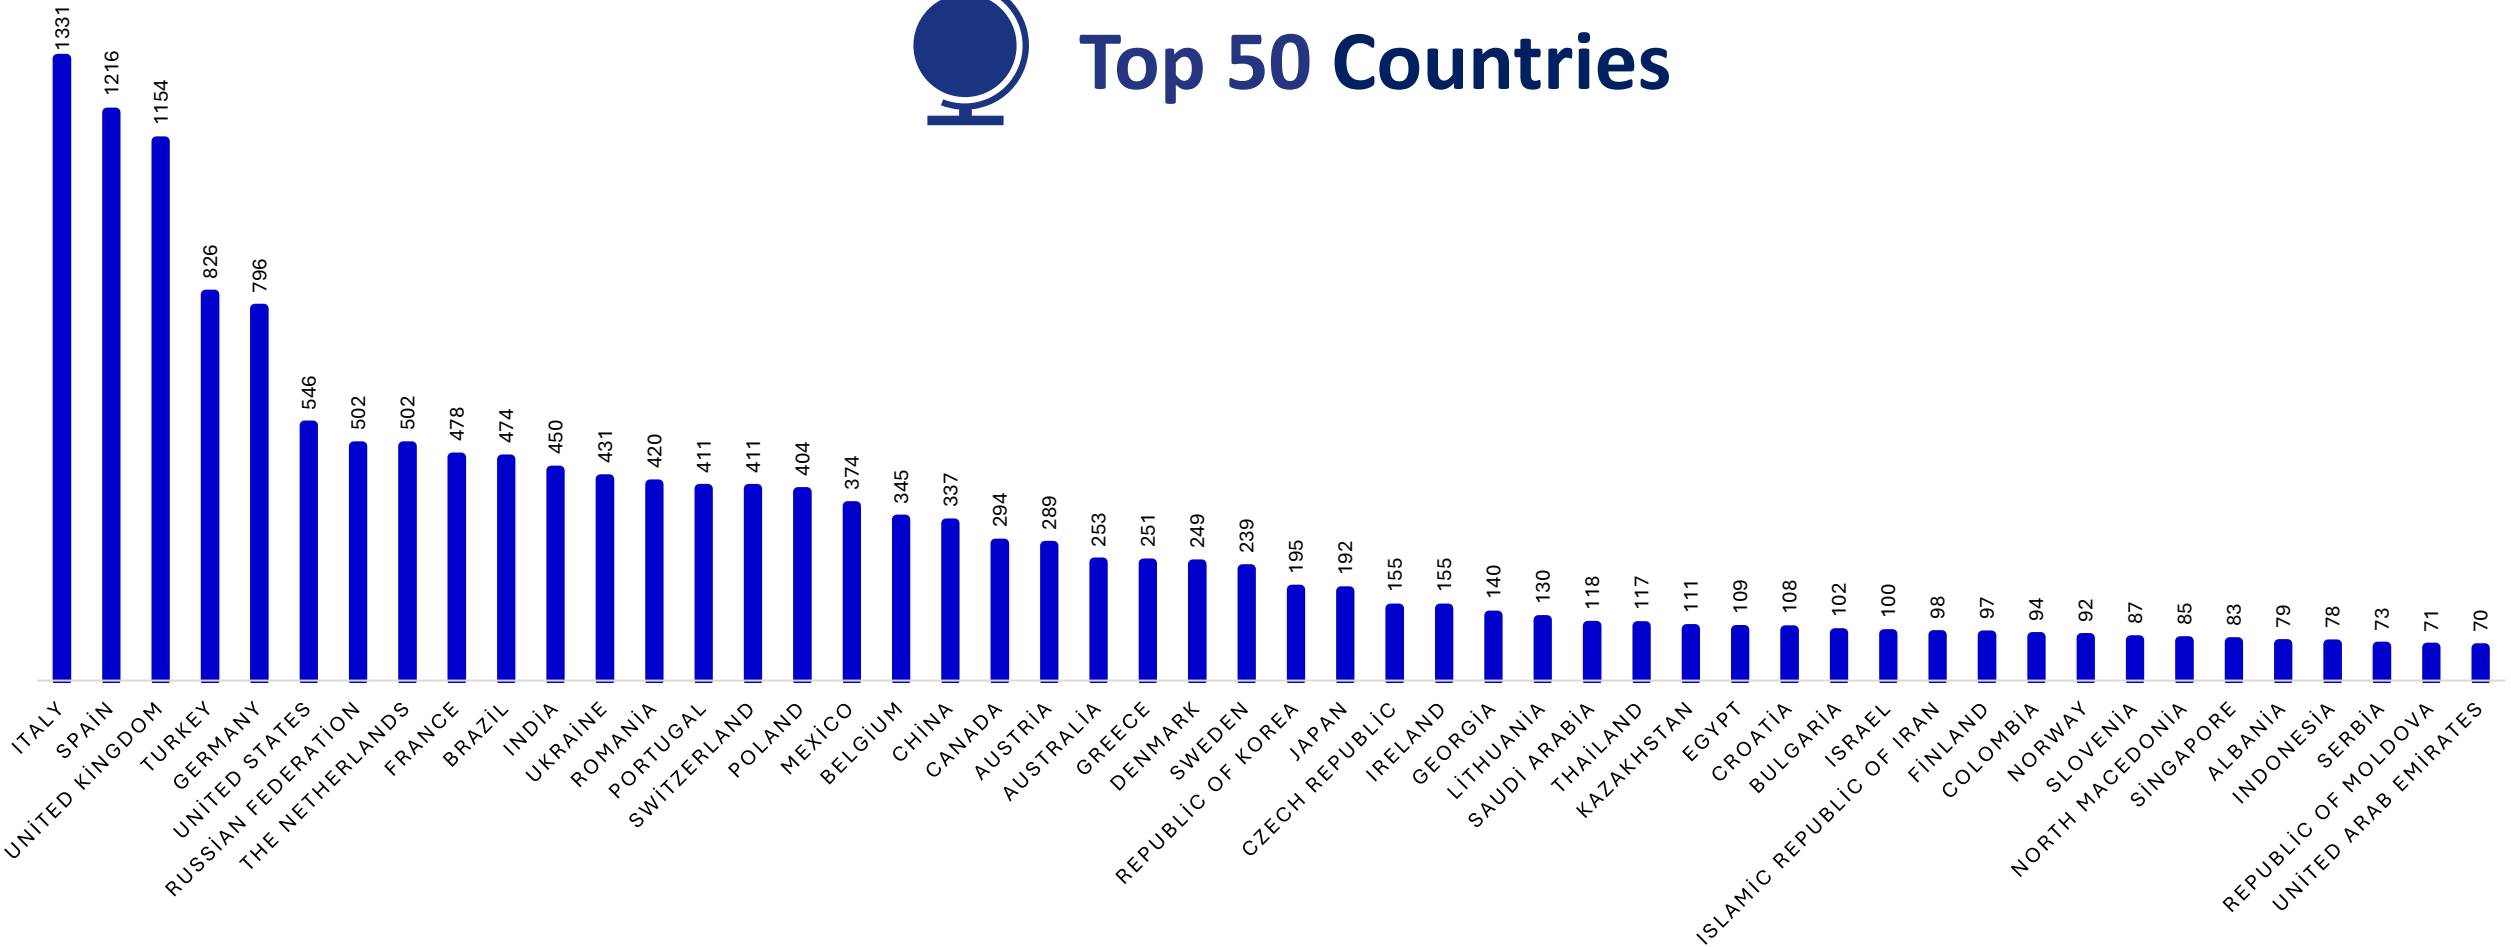

- Individual Members: **7,024**
- Junior Members: **8,506**
- NAIS Dual Member: **1,930**

Top 50 Countries

3 Membership Campaign: Atrevia

Campaign Objectives

this campaign aims to communicate the unique value of EAACI, fostering member pride and loyalty while attracting a broader international audience.

What we aim for?

1. **Enhance the positive perception** towards a vision that is in line with the strengths and value contribution of EAACI, strengthen the favorable view that current members have of the association.
2. **Boost the pride of belonging** that translates into greater involvement and advocacy for the Academy.
3. **Position as a leader** and establish the association as a high-value and leading organization for prospective members.

We will make them tangible through the following KPIs:

Knowledge of member
benefits

JM perception of value

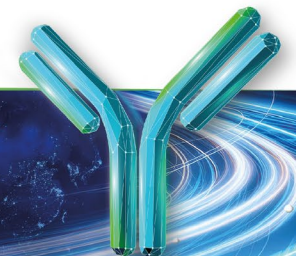

Satisfaction of NAIS and
POC

Participation rate

Total: 89 registrations

- Total Key Opinion Leaders: 22
- Total Abstract presenters: 65
- 6 Keynote lectures, 1 Interactive Practical course
- To enhance the impact of basic and clinical immunology research in the fields of allergy, asthma, and clinical immunology.
- To create a productive environment where junior scientists have the opportunity to meet and discuss immunology research with renowned scientists and opinion leaders in the field.

Networking & Collaboration:

- ✓ 60% of participants established new collaborations during the event.
- ✓ 30% saw potential for future collaborations.

Educational Goals Fulfillment:

- ✓ 75% confirmed that the event fully met their educational expectations.
- ✓ 88.64% agreed that the scientific content was well-balanced and evidence-based.

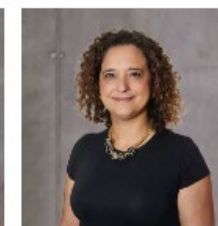

Key Insights from Participants

- ✓ 97.3% of participants described the event as excellent or good
- ✓ 96% of respondents indicated that the EAACI Winter School stands out as one of the best events/conferences they have attended.

34 countries

Top 5 countries: Turkey, Spain,
Romania, Switzerland, Ukraine

Total 143 registrations

- Total Key Opinion Leaders: 20
- 18 Lectures in total
- 4 Interactive Workshops: developed around a clinical case answered by the attendees
- 6 Oral Abstract Presentations
- 3 Poster discussion topics/30 posters
- To delve deeper into the most recent evidence and research related to both basic and clinical aspects
- To fostering discussion among young allergists, fellows, and researchers from around the world.

Key Insights from participants

- ✓ 99% rated the Scientific Programme and Speakers excellent and good.
- ✓ 98% of participants rated the organisation of the event as excellent and good.

Educational Goals Fulfillment:

- ✓ Over 96% rated as extremely useful this event as a learning experience.
- ✓ Over 97 % rated as learnt information can be implemented in their practice.

Networking & Collaboration:

- ✓ 60% of participants established new collaborations during the event.
- ✓ 37% saw potential for future collaborations.

Total Expected registrations: 120

- 19 Key Opinion Leaders
- Registration & Abstracts are open

Attendees will be able:

- to improve their knowledge of immunological basis of local and systemic type 2 inflammation
- to explore the pathogenic and clinical significance of type 2 cytokines in different eosinophil-associated diseases
- to actively participate in “clinical corners” by sharing their personal experience in hot topic issues related to type 2 diseases
- to learn how to identify patients affected by different forms of hypereosinophilic syndrome and how to implement the use of biologicals in this condition
- to improve their knowledge of immunological basis of local and systemic type 2 inflammation

Format of the different activities:

- ✓ **Sessions:** 2-3 lectures around the addressed main topic
- ✓ **Workshops:** The topic will be developed around a clinical case answered by the attendees
- ✓ **Posters sessions:** defended by the delegates
- ✓ **Oral presentations:** defended by the delegates

📍 **Venue:** Hilton Florence
Metropole, Florence, Italy

EAACI IMMUNOLOGY WINTER SCHOOL 2026

15 - 18 January
Sierra Nevada, Spain

EAACI.org

Winter
School

Scientific Programme:

- 6 Keynote lectures by top experts in basic and clinical immunology
- 20 oral presentations by young investigators were based on their selected high-quality abstracts.
- 50 Poster presentations by young investigators based on their selected abstracts.
- A practical course on streamlined immunology assays for clinical trials – given by the Immunology Section Board members and Working Group Chairs

Venue: Meliá Sierra
Nevada, Spain, Sierra
Nevada

- Website & Abstract
Submission to be open by
end of June

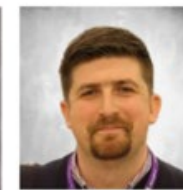

Aim of the Winter School:

- ✓ To gain insights into broader immunological research fields, including Allergy, Asthma, Clinical Immunology, and Immune Deficiencies.
- ✓ To encourage participants to broaden their professional networks.
- ✓ To promote active engagement between young investigators and renowned experts in the field.

EAACI Congress 2025 - Breaking Boundaries in Allergy, Asthma, and Clinical Immunology: Integrating Planetary Health for a Sustainable Future

Your publication date and | Source: European Academy of time will appear here. Allergy and Clinical Immunology

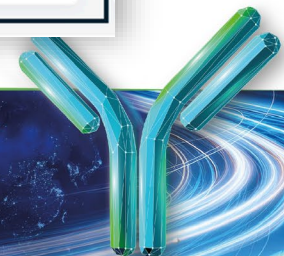

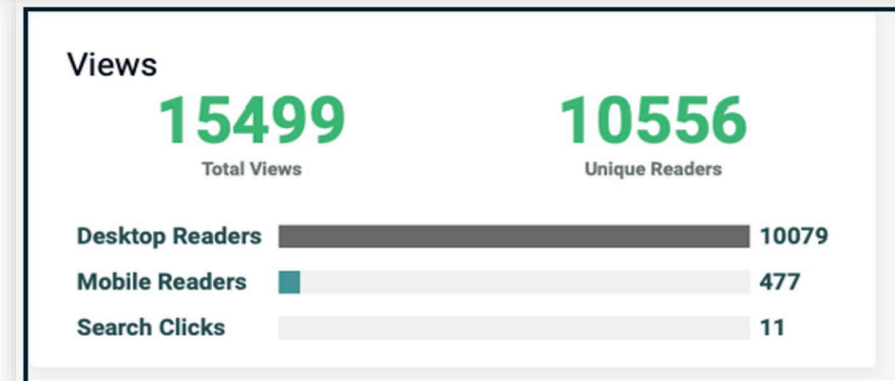

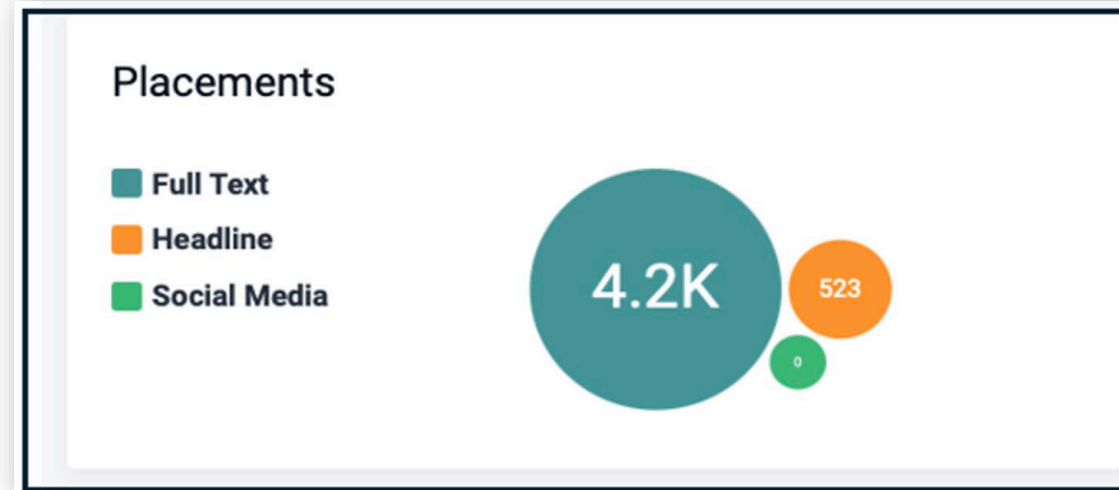

Share

ZURICH, March 18, 2025 (GLOBE NEWSWIRE) -- The European Academy of Allergy and Clinical Immunology (EAACI) proudly presents the EAACI Congress 2025, set to take place June 13-16 in Glasgow, United Kingdom. This year's theme, "Breaking Boundaries in Allergy, Asthma, and Clinical Immunology: Integrating Planetary Health for a Sustainable Future," highlights the critical link between environmental changes and allergic diseases.

Scientific Excellence & Global Collaboration

Bringing together leading experts from across the world, EAACI Congress 2025 is the premier event for networking and collaboration in allergy and immunology. Delegates can expect cutting-edge research presentations, interactive sessions, and invaluable opportunities to connect with peers shaping the future of the field. [Visit the scientific programme to learn more.](#)

EAACI Knowledge Hub
New FREE Webinar:
World Awareness of Eosinophilic Esophagitis (EoE)

Soon on hub.eaaci.org

**New FREE webinar:
World Awareness of Eosinophilic Esophagitis (EoE)**

Dear colleagues,

We're excited to invite you to an upcoming webinar on Eosinophilic Esophagitis (EoE), "Navigating Eosinophilic Esophagitis: Clinical Insights & Patient Experiences", where leading experts and patient representatives will share clinical insights, personal experiences, and dietary strategies to improve awareness, diagnosis, and care for those affected by this condition.

Let's navigate EoE together — through science, experience, and collaboration!

Special Highlight:

Join us as Maria José Torres, EAACI President, and Mo Shamji, EAACI Secretary General, kick off the session with a warm welcome and share their vision for the future of EAACI. They will also present on our strategic plans, offering valuable insights into our goals and initiatives that aim to advance allergy and clinical immunology.

Webinar Details

- **Date:** 28 May 2025
- **Time:** 5:00 – 6:00 pm (Central European Summer Time)
- **Presentations:**

Presentations:

- **Clinical Presentation and Pathogenesis of Eosinophilic Esophagitis**
Speaker: Bianca Olivieri
- **Patient's Experience Insights - Could It Be EoE?**
Speaker: Amanda Cordell
- **The Dietary Management of Eosinophilic Esophagitis**
Speaker: Isabel Skypala
- **Eosinophilic Esophagitis and Allergen Immunotherapy: A Bidirectional Relationship**
Speaker: Constantinos Pitsios

Chairs: Ozlem Ceylan and Constantinos Pitsios

Advance registration is required to receive a confirmation email containing detailed instructions for joining the webinar.

EAACI Knowledge Hub
New FREE Webinar:
Hereditary Angioedema Awareness Day

Soon on hub.eaaci.org

**New FREE webinar:
Hereditary Angioedema Awareness Day Webinar**

Dear colleagues,

We are excited to invite you to our upcoming webinar "Hereditary Angioedema (HAE) Awareness Day Webinar".

Webinar Details

- **Chairs:** Mauro Cancian and Ersan Sevinç
- **Date:** 16 May 2025
- **Time:** 17:00 – 18:30 CEST
- **Duration:** 90 minutes

Presentations:

- **Hereditary Angioedema: Early Diagnosis and Comprehensive Management**
Speaker: Davide Firinu
- **Current Treatments and Pipeline of Emerging Treatments for HAE**
Speaker: Danny Cohn
- **Living with HAE: Real-life Experiences and Coping Strategies**
Speaker: Ersan Sevinç

This webinar presents an invaluable opportunity to increase awareness about hereditary angioedema, share insights on current management strategies, and discuss upcoming therapies in accessible language for both patients and healthcare professionals.

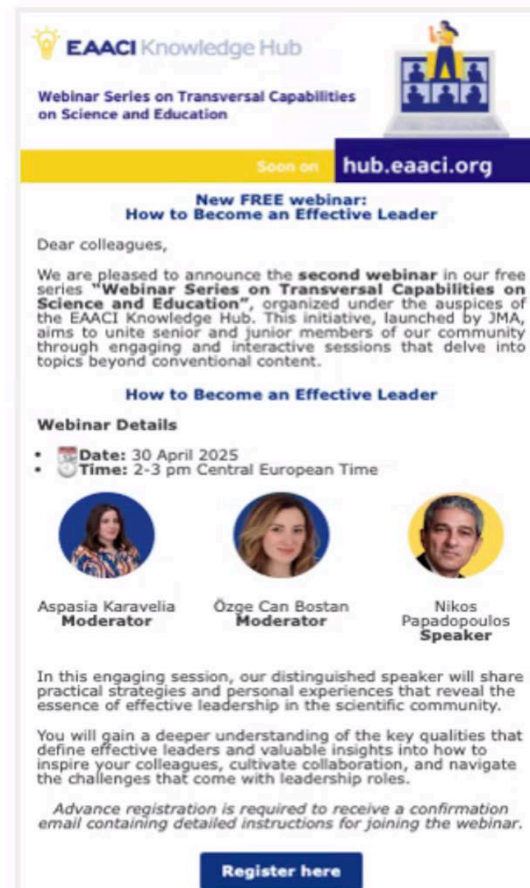

Ersan Sevinç, a member of the Patient Organization Committee representing HAE patients and a patient himself, will share his insights on the challenges of living with HAE and the vital need for education and awareness surrounding the condition.

Join us for this valuable session that fosters a greater understanding of HAE and emphasizes the importance of community and shared support.

Advance registration is required to receive a confirmation email containing detailed instructions for joining the webinar.

**New FREE webinar:
How to Become an Effective Leader**

Dear colleagues,

We are pleased to announce the **second webinar** in our free series "Webinar Series on Transversal Capabilities on Science and Education", organized under the auspices of the EAACI Knowledge Hub. This initiative, launched by JMA, aims to unite senior and junior members of our community through engaging and interactive sessions that delve into topics beyond conventional content.

How to Become an Effective Leader

Webinar Details

- **Date:** 30 April 2025
- **Time:** 2-3 pm Central European Time

Aspasia Karavelia
Moderator

Özge Can Bostan
Moderator

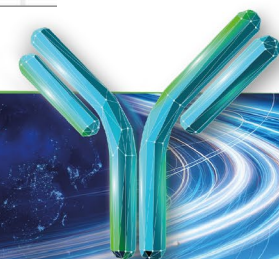

Nikos Papadopoulos
Speaker

In this engaging session, our distinguished speaker will share practical strategies and personal experiences that reveal the essence of effective leadership in the scientific community.

You will gain a deeper understanding of the key qualities that define effective leaders and valuable insights into how to inspire your colleagues, cultivate collaboration, and navigate the challenges that come with leadership roles.

Advance registration is required to receive a confirmation email containing detailed instructions for joining the webinar.

2025: Sponsored eMails: eye-catching corporate templates

EAACI 2025 Sponsor Highlight: Stallergenes Greer is Ready to Welcome You!

Join us for our company-sponsored symposium at EAACI 2025. Myth busting in peanut allergy: separating fact from fiction. 14th June 2025 | 14:30-15:00. Room: Innovation Hub of the SEC Centre, adjacent to the Congress Hub.

The content shared in this email is created and promoted by our sponsors and does not reflect the views or opinions of the European Academy of Allergy and Clinical Immunology (EAACI). EAACI does not endorse or assume responsibility for the accuracy or relevance of the information provided.

EAACI 2025 Sponsor Highlight: Celldex is Ready to Welcome You!

Come see us at booth B50!

Celldex

SHINING A LIGHT ON MAST CELLS IN CHRONIC SPONTANEOUS URTICARIA

Come Attend Presentations on Barzvolimab Data for CSU!

Late Breaker Presentation

Sustained Disease Control Following Withdrawal of Barzvolimab in Patients with Chronic Spontaneous Urticaria

Friday, 13 June 2025 from 09:00 - 10:00
Room Location: Carron 2
Presented by: Ana Maria Gimenez-Arnau, MD, PhD
Abstract #:100227

Treatment with Barzvolimab Leads to Sustained Improvement in Angioedema in Chronic Spontaneous Urticaria (CSU) Patients: Results from 52 Weeks of Treatment

Saturday, 14 June 2025 from 15:00 - 16:30
Room Location: Innovation Hub
Presented by: Martin Metz, MD
Abstract #:005588

Join us at booth B50 to connect, explore, and learn more about who we are and what we do.

Celldex is pioneering new horizons in immunology to deliver life-changing therapies. Our pipeline includes antibody-based therapeutics which have the ability to engage the human immune system and/or directly affect critical pathways to improve the lives of patients with severe inflammatory, allergic, autoimmune and other devastating diseases. Come chat with our team and discover how we're advancing new treatment options.

Learn about the clinical impact of molecular IgE diagnostics

**Saturday, June 14, 2025
5:15 – 6:15 PM
Room: Boisdale**

Unlocking Molecular Diagnostics: From Basics to Clinical Impact

Did you know component-resolved diagnostics improve allergy patient management? Learn more from leading experts at this educational symposium exploring molecular diagnostics. Topics will include:

- Introduction to component-resolved diagnostics in allergy**, Dr. Christiane Hilger, Luxembourg Institute of Health
- Peanut components in practice – diagnosing peanut allergy**, Dr. Ludger Klimek, Center for Rhinology and Allergology, Wiesbaden
- Disentangling respiratory allergies by molecular IgE testing**, Dr. Stephanie Dramburg, Charité Berlin

This email has been sent to you by EAACI on behalf of BioCryst.

This promotional symposium is organised and funded by BioCryst® Pharmaceuticals, intended for healthcare professionals only

What does 'normal' mean for people living with Hereditary Angioedema (HAE) and how do we get there?

Friday 13 June @ 3-4pm, Ash room
Join our expert faculty for an engaging case-based discussion at the BioCryst-sponsored symposium.

Click here to add the symposium to your calendar

Navigating to Normality
Targeting normalisation of life in Hereditary Angioedema (HAE) for better patient outcomes

Co-Chairs
Prof. Robert Centurion
Dr. Patrick Torg

Speakers
Dr. Thomas Bachert
Dr. Alessio D'Amico
Dr. Marc Gubler

Meeting objectives:

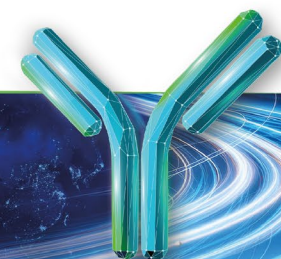

- Understand the WAO/EAACI definitions of effective treatment goals in HAE and how these translate into clinical practice
- Evaluate how a 'treat-to-target' approach to HAE management can support optimised patient outcomes
- Demonstrate the impact of a holistic, treat-to-target approach in HAE through real-world patient case studies

Symposium agenda

Time	Session	Speakers
15:00-15:15	Welcome, introductions and objectives	Patrick Torg & Robert Centurion (Co-Chairs)
15:15-15:30	How a 'treat-to-target' approach to HAE management can support optimised patient outcomes	Thomas Bachert
15:30-15:45	Implementing 'treat-to-target' in practice: looking for real-world success	Dr. Alessio D'Amico & Dr. Marc Gubler (Co-Chairs)
15:45-16:00	Summary and Q&A	Robert Centurion (Co-Chair)

Join us for an interactive symposium where leading experts will share practical strategies for guideline implementation in HAE and explore real-world clinical case scenarios through dynamic discussion and debate.

To the General Meeting

European Academy of Allergy and Clinical Immunology
Zürich

Report of the mandatory auditors to the management

(period 01.01.2024 to 31.12.2024)

Mandatory Auditor's Report to the management of

European Academy of Allergy and Clinical Immunology, Zürich

As mandatory auditors, we have audited the financial statements (balance sheet, income statement and notes) of European Academy of Allergy and Clinical Immunology, Zürich for the year ended 31.12.2024.

These financial statements (balance sheet and income statement) are the responsibility of the board of directors.

Our responsibility is to express an opinion on these financial statements based on our audit. Our audit was conducted in accordance with auditing standards promulgated by the Swiss profession, which require that an audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement. We have examined on a test basis evidence supporting the amounts and disclosures in the financial statements. We have also assessed the accounting principles used, significant estimates made and the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the accounting records and financial statements (balance sheet and income statement) comply with Swiss law.

5 Establishment of Anaphylaxis Section

EAACI
EUROPEAN ACADEMY OF ALLERGY
AND CLINICAL IMMUNOLOGY

www.eaaci.org
#EAACIcongress2025

Reasons for the establishment of an anaphylaxis section

Anaphylaxis is a severe, potentially life-threatening allergic reaction that occurs suddenly after exposure to an allergen. Anaphylaxis can be triggered by various allergens, including: Food, Drugs, hymenoptera venom, exercise, among others.

Challenges and unmet needs:

- **Rising Burden and Public Health Relevance**
- **Clinical and Scientific Complexity**
- **Need for Harmonized Guidelines and Education**
- **Research Gaps and Innovation Potential**
- **Strategic and Organizational Visibility**

Actions taken by EAACI:

Creation of a WG on anaphylaxis, an awareness campaign, register an anaphylaxis day, two focus meetings on the topic (DHM and FAAM), educational events, Task Forces and position papers

6 Establishment of Patients Section

EAACI
EUROPEAN ACADEMY OF ALLERGY
AND CLINICAL IMMUNOLOGY

www.eaaci.org
#EAACIcongress2025

Reasons for the establishment of a patients section

- Moving from a Patient Centered Organization to Patient as a Partner
- Empowering the Patient Voice in Allergy and Immunology
- Strengthening Advocacy and Policy Impact
- Fostering Partnerships with Patient Organizations Across Europe
- Supporting Co-Design of Guidelines, Registries, and Clinical Tools
- Aligning with Global Trends in Participatory Medicine and Horizon Europe Priorities

A strategic and global vision for the European Academy of Allergy and
Clinical Immunology (EAACI) - 2026 to 2028

1 Presentation and approval of President 2026-2028

The European Academy of Allergy and Clinical Immunology (EAACI) is an **international leader** in research, scientific knowledge, and training on allergic diseases, benefiting over **17,000 professionals** and **millions of patients** in **139 countries**. EAACI aims to improve the lives of patients through its **unique multidisciplinary approach** and commitment to **excellence**, which is fueled by an open character and support for young science.

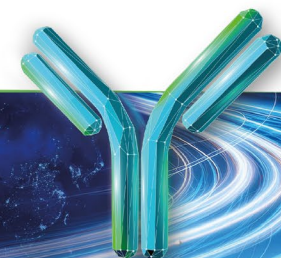

All of this enables EAACI to promote **legislative changes** and drive the advancement of **public health**, providing a more effective response to the challenges of today's society.

Together, we advance the science of allergy and immunology to improve patient care and transform lives

1 Presentation and approval of President 2026-2028

My Mission of the European Academy of Allergy and Immunology: Shaping the Future of Allergy and Immunology Care

Global Leadership

To be recognised as the leading global authority in allergy and clinical immunology, establishing standards for research, education, and clinical practice.

Innovative Research

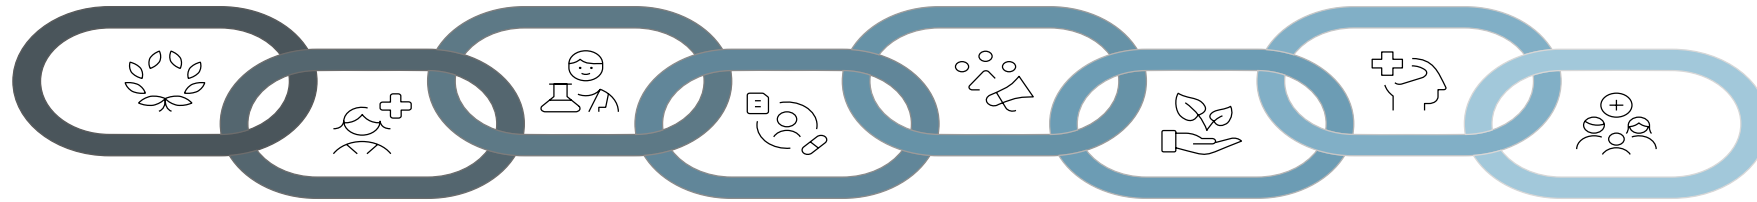

To drive innovative research that enhances the understanding of allergic diseases, resulting in transformative therapies and preventive strategies.

Informed Public

To cultivate a well-informed public and healthcare community that comprehends the effects of allergies and actively engages in prevention and management efforts.

Empowerment of Patients

To empower patients with knowledge and resources, enabling them to take an active role in managing their allergies and influencing their health outcomes

Excellence in Allergy Care

To ensure that all individuals affected by allergic diseases have access to the highest quality of care, leading to improved health outcomes and quality of life.

Integrated Approach

To promote an integrated, multidisciplinary approach to allergy and immunology that connects clinicians, researchers, and allied health professionals within a collaborative framework.

Sustainability

To advocate for sustainable practices in allergy care and research, addressing Emerging challenges such as climate change and its impact on allergy prevalence and management.

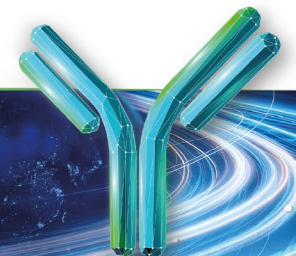

Equity in Health

To strive for equity in allergy care, ensuring that all individuals, irrespective of their background or circumstances, have access to effective diagnosis, treatment, and management of allergic diseases.

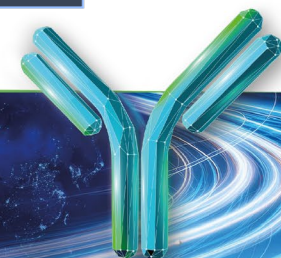

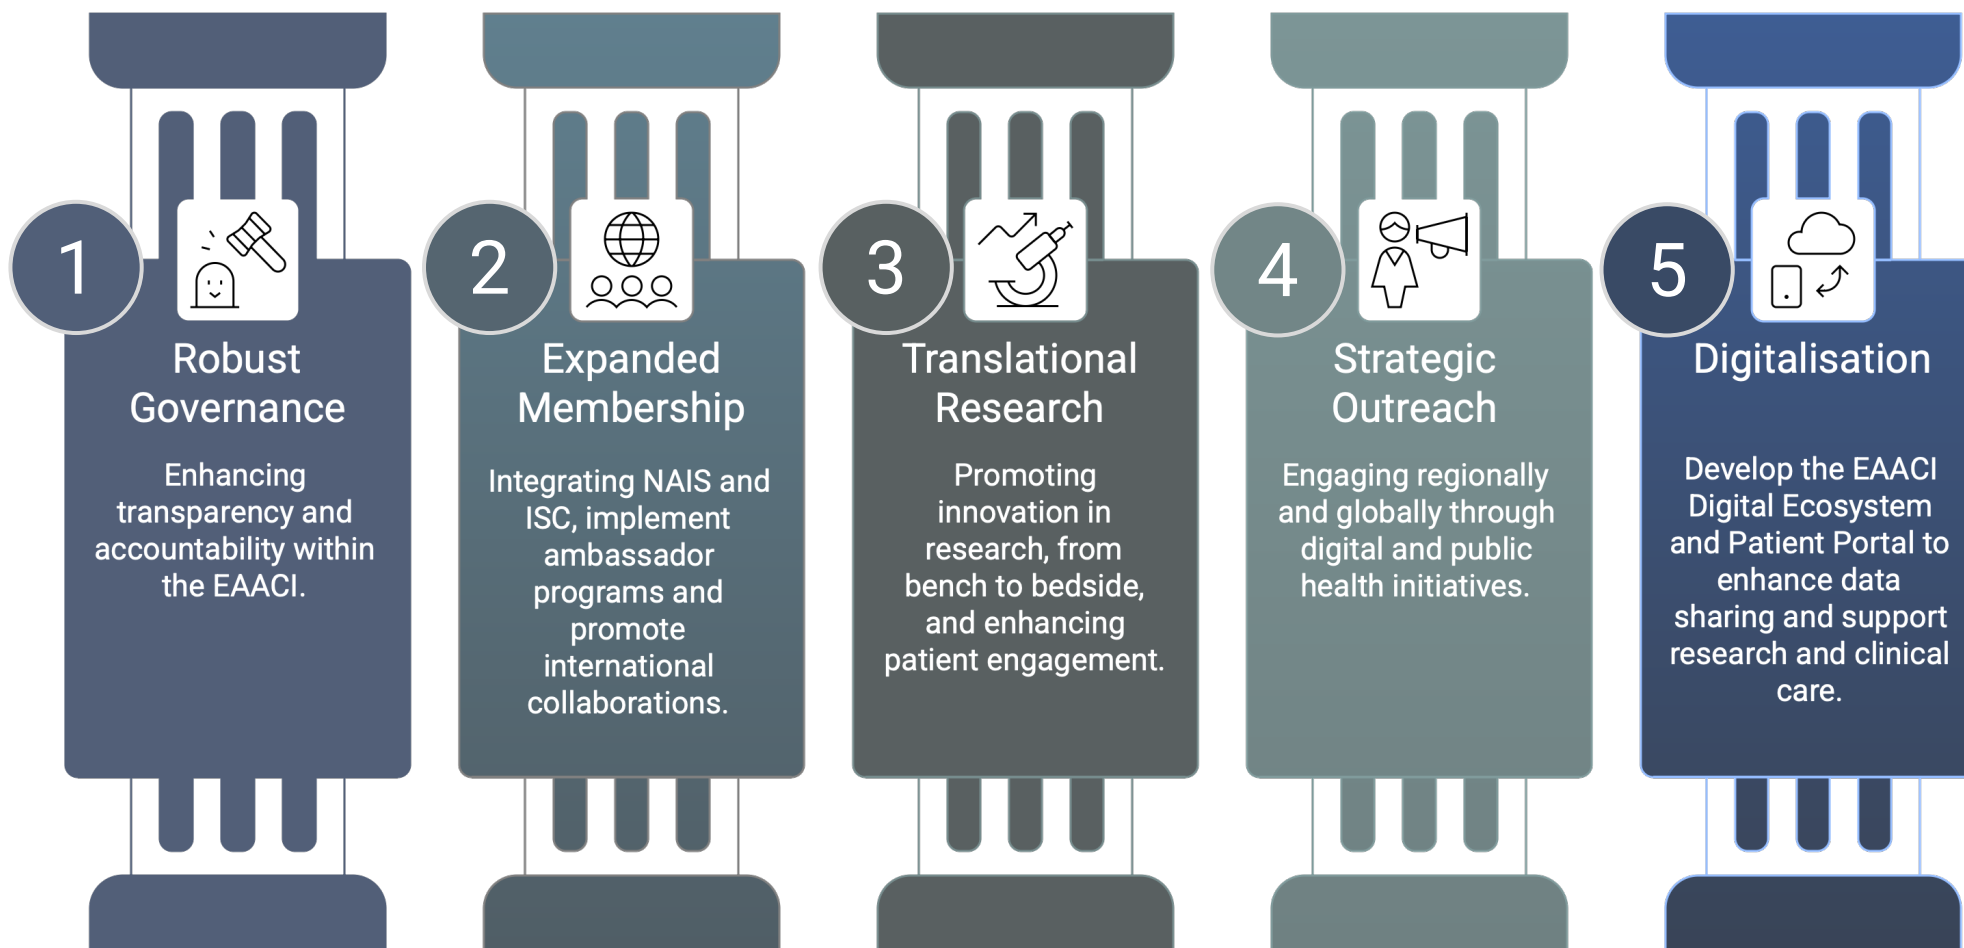

EAACI

1 My EAACI Strategic Key Pillars for - EAACI Presidency 2026-2028

1 Transforming EAACI Governance: A Vision for Excellence

Transforming EAACI Governance: A Vision for Excellence

*Implementing comprehensive governance structures that will
advance our mission through accountability, transparency, and
unwavering scientific integrity*

1

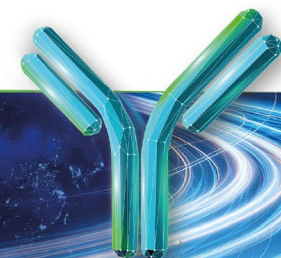

Robust Governance

Enhancing
transparency and
accountability within
the EAACI.

EAACI
EUROPEAN ACADEMY OF ALLERGY
AND CLINICAL IMMUNOLOGY

www.eaaci.org
#EAACIcongress2025

1 Transforming EAACI Governance: A Vision for Excellence

Develop Organisational Chart

To **delineate reporting relationships among committees** and enhance operational efficiency.

Disclosure Form

Mandatory annual disclosure form for leaders to report conflicts. Recusal protocol will be adhered to.

Strategic Retreats

Biennial retreats **will engage leadership and patient representatives**.
Priorities will be reassessed yearly.

Diverse Representation

Minimum representation requirements for JM will be implemented in all committees.
Allied health professionals will also be represented.

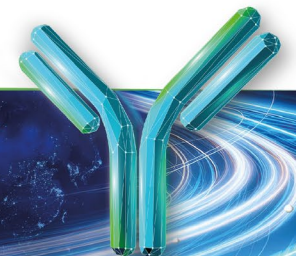

Town Hall Meetings

Annual town hall meetings with **longer Q&A** will facilitate direct engagement.

Governance Audits

External governance audits will be **conducted every two years**. Practices will be benchmarked against medical societies.

2 Expanding EAACI Memberships

Expanding the Academy's membership through various strategies that include integration of NAIS, ISC, ambassador programs and international collaborations

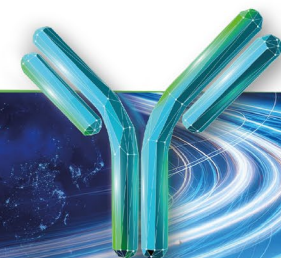

2 Expanded Membership

Integrating NAIS and ISC, implement ambassador programs and promote international collaborations.

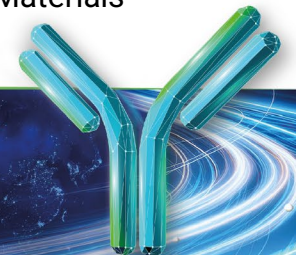

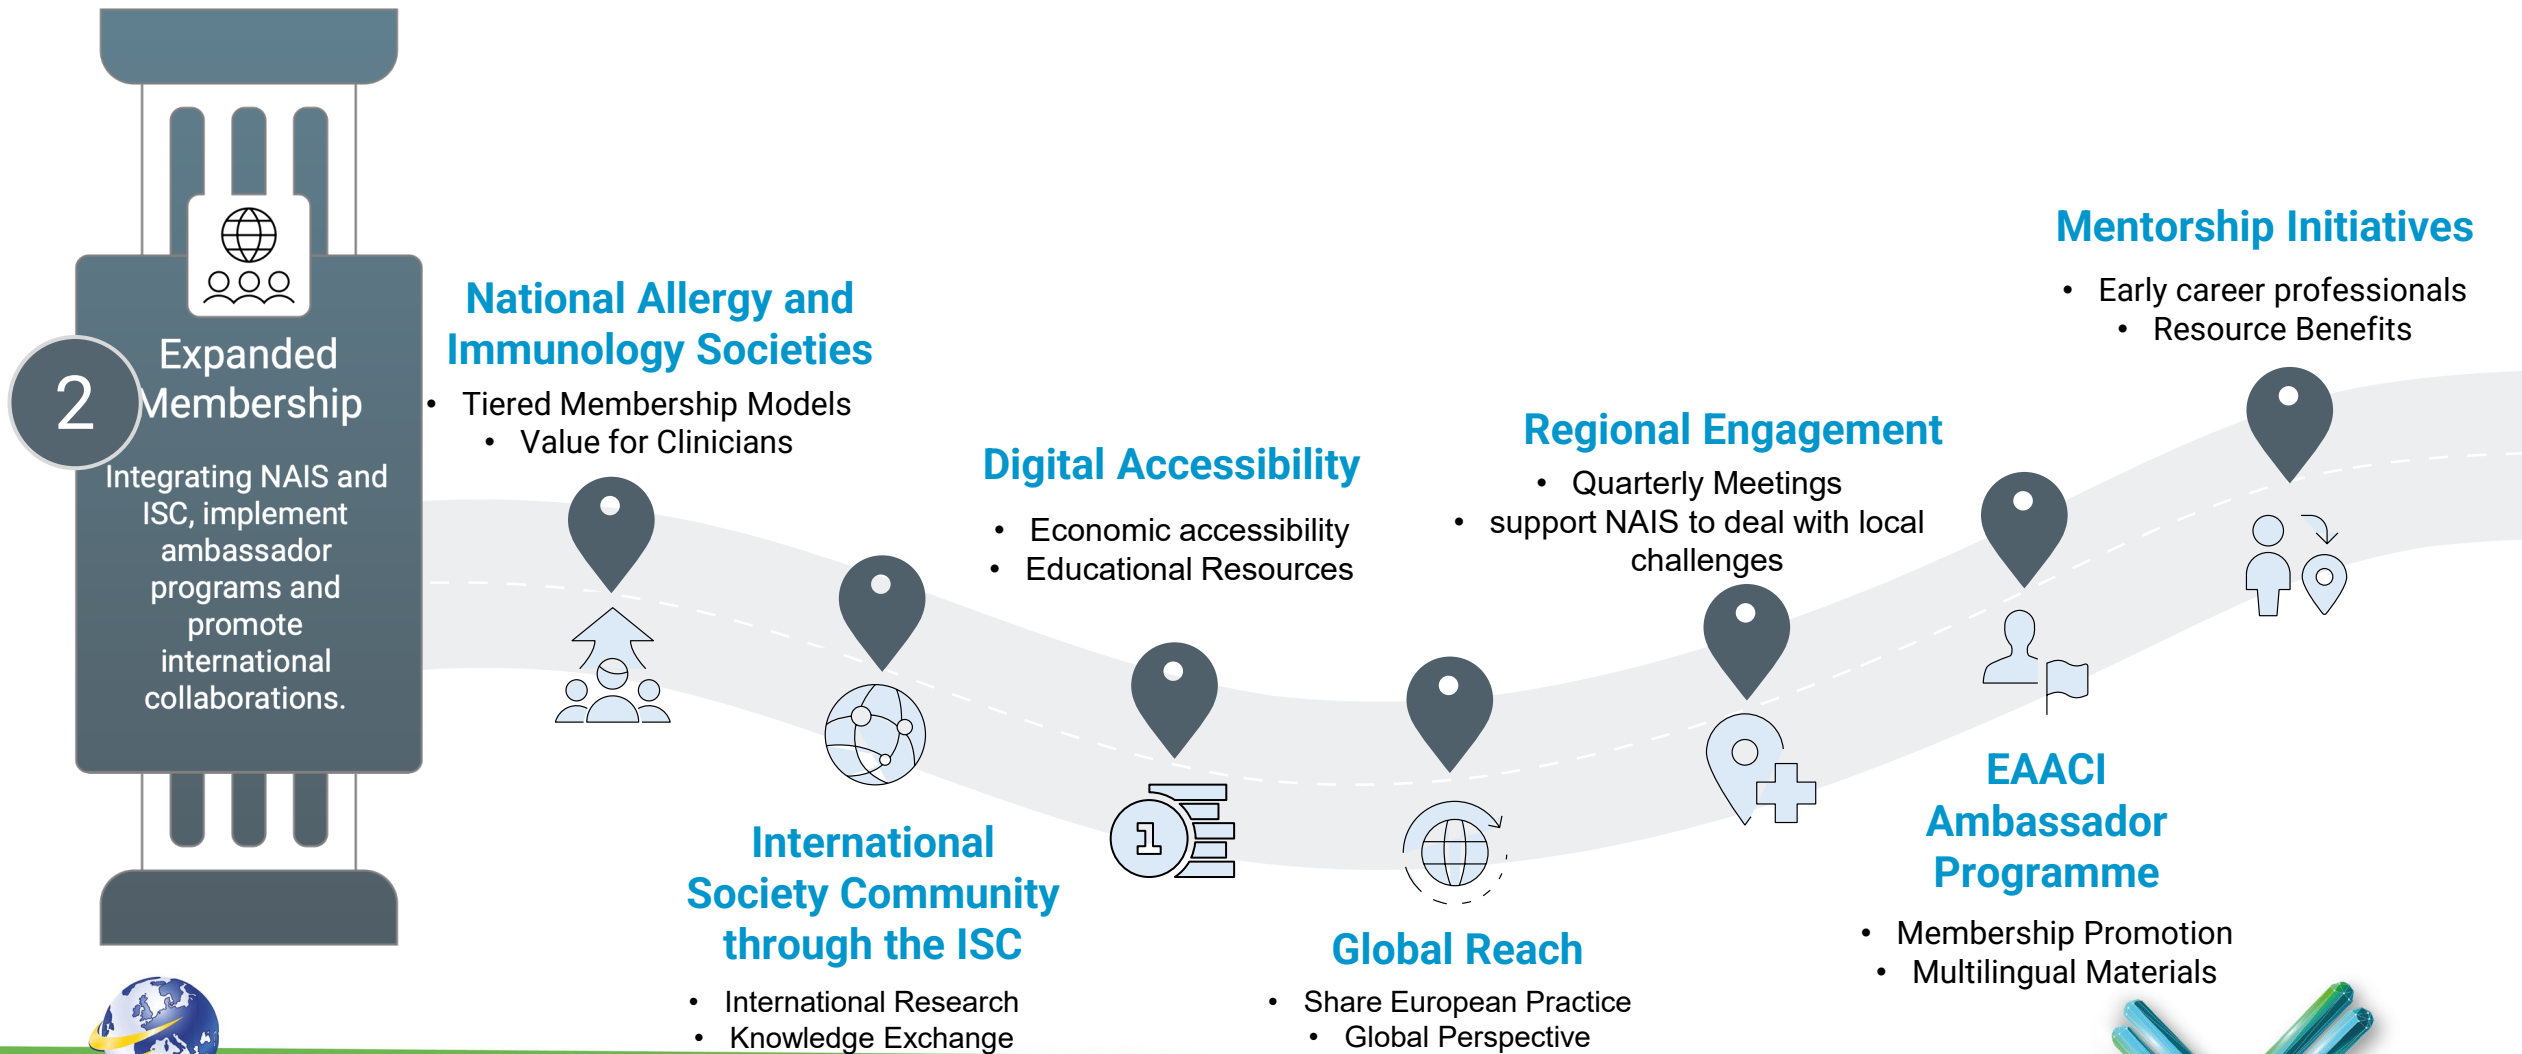

EAACI
EUROPEAN ACADEMY OF ALLERGY
AND CLINICAL IMMUNOLOGY

www.eaaci.org
#EAACIcongress2025

2 Expanding EAACI Memberships

3 Advancing Translational Research

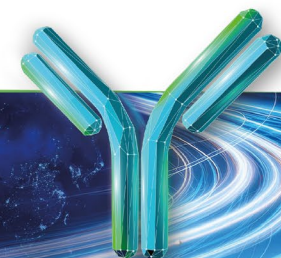

Advancing Translational Research within the Academy by promoting innovation from bench to bedside and accelerating patient engagement

3

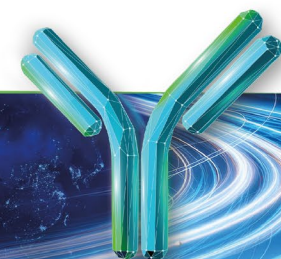

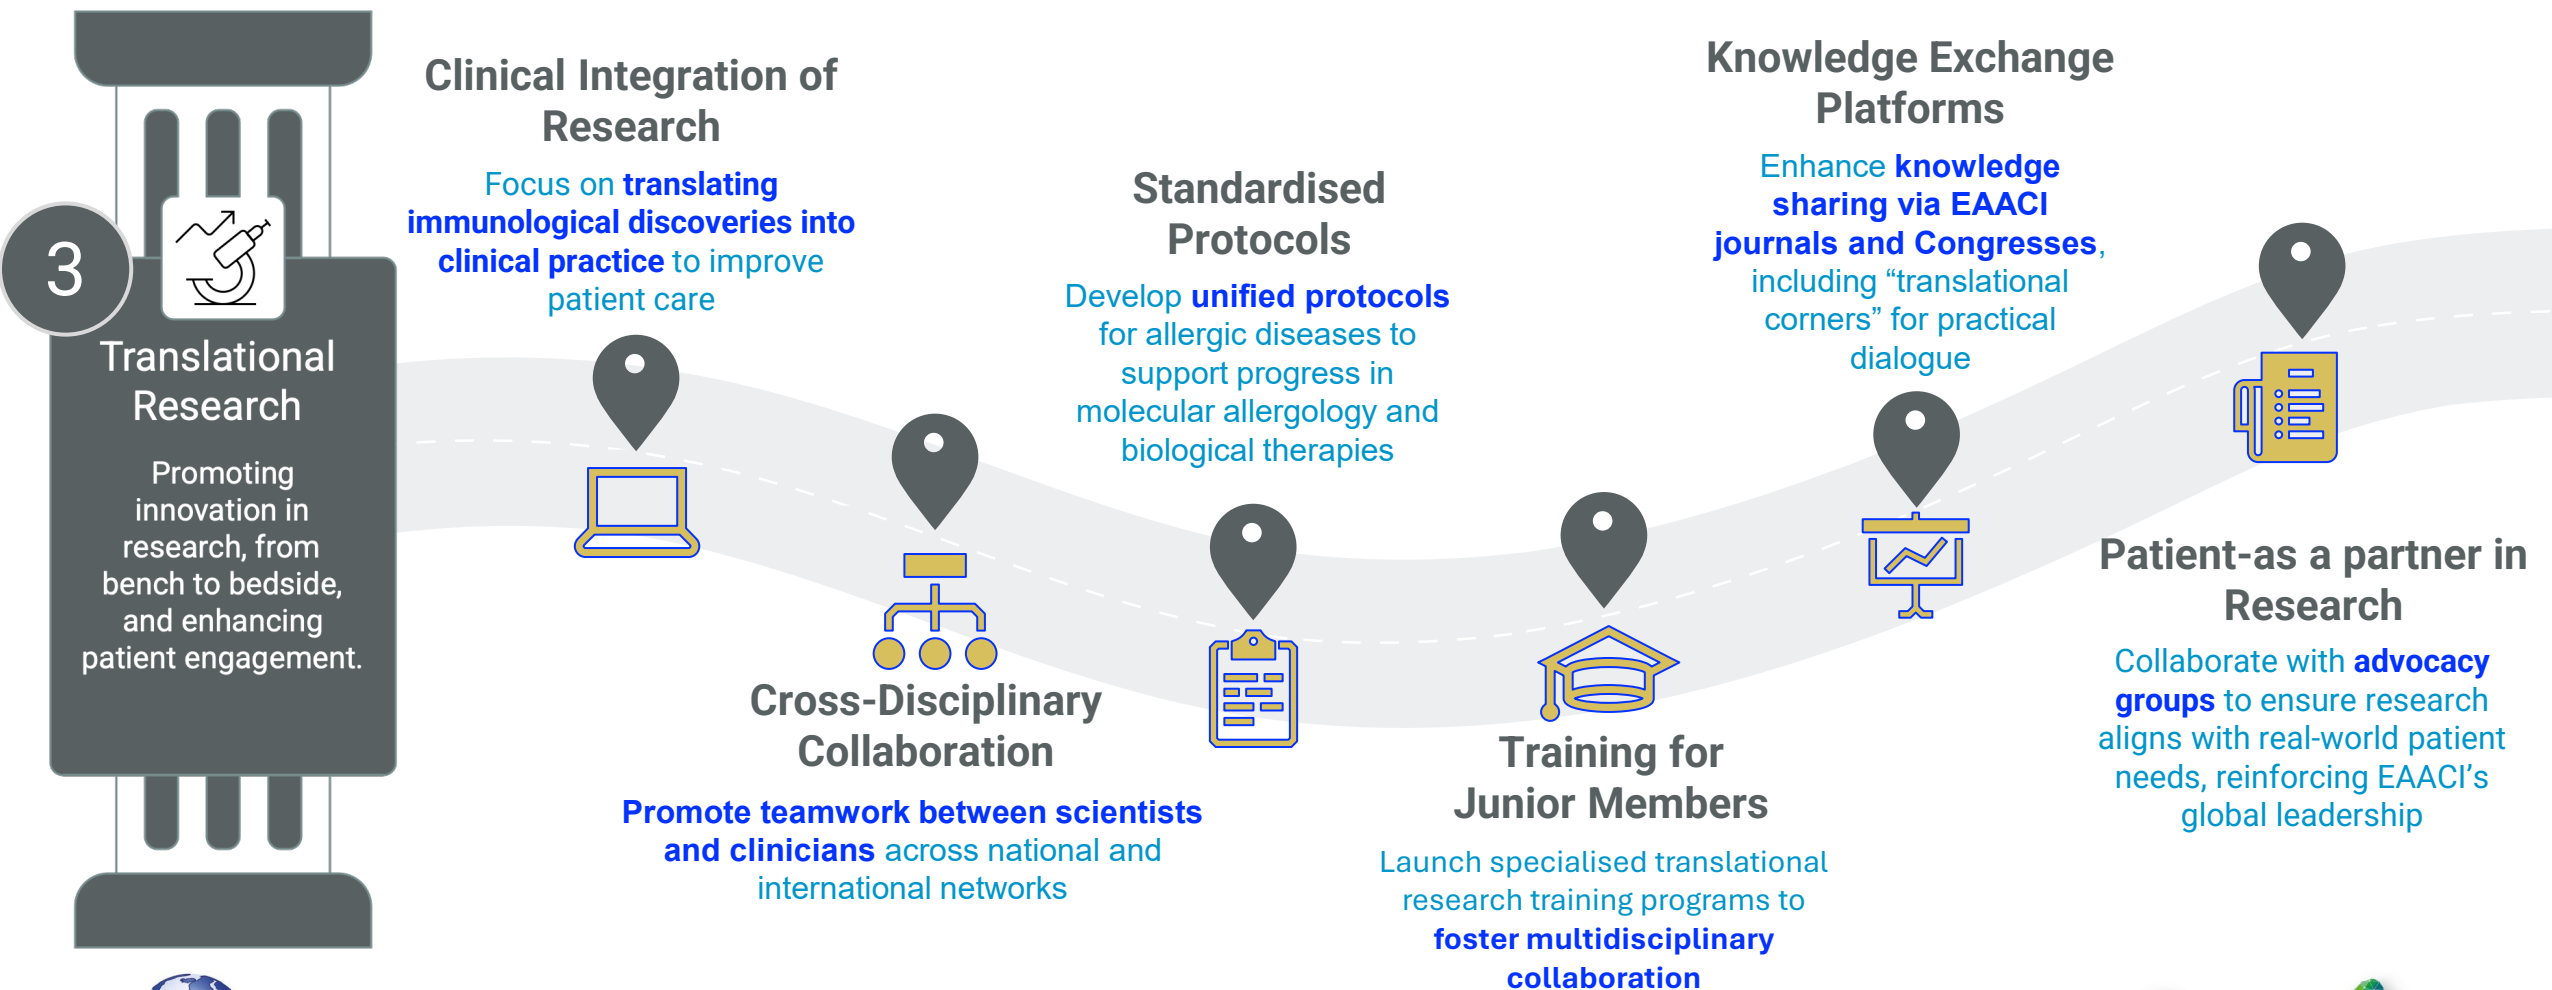

Translational Research

Promoting innovation in research, from bench to bedside, and enhancing patient engagement.

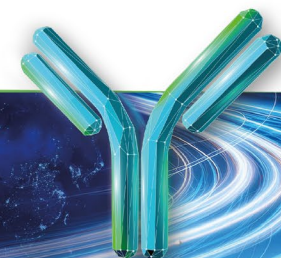

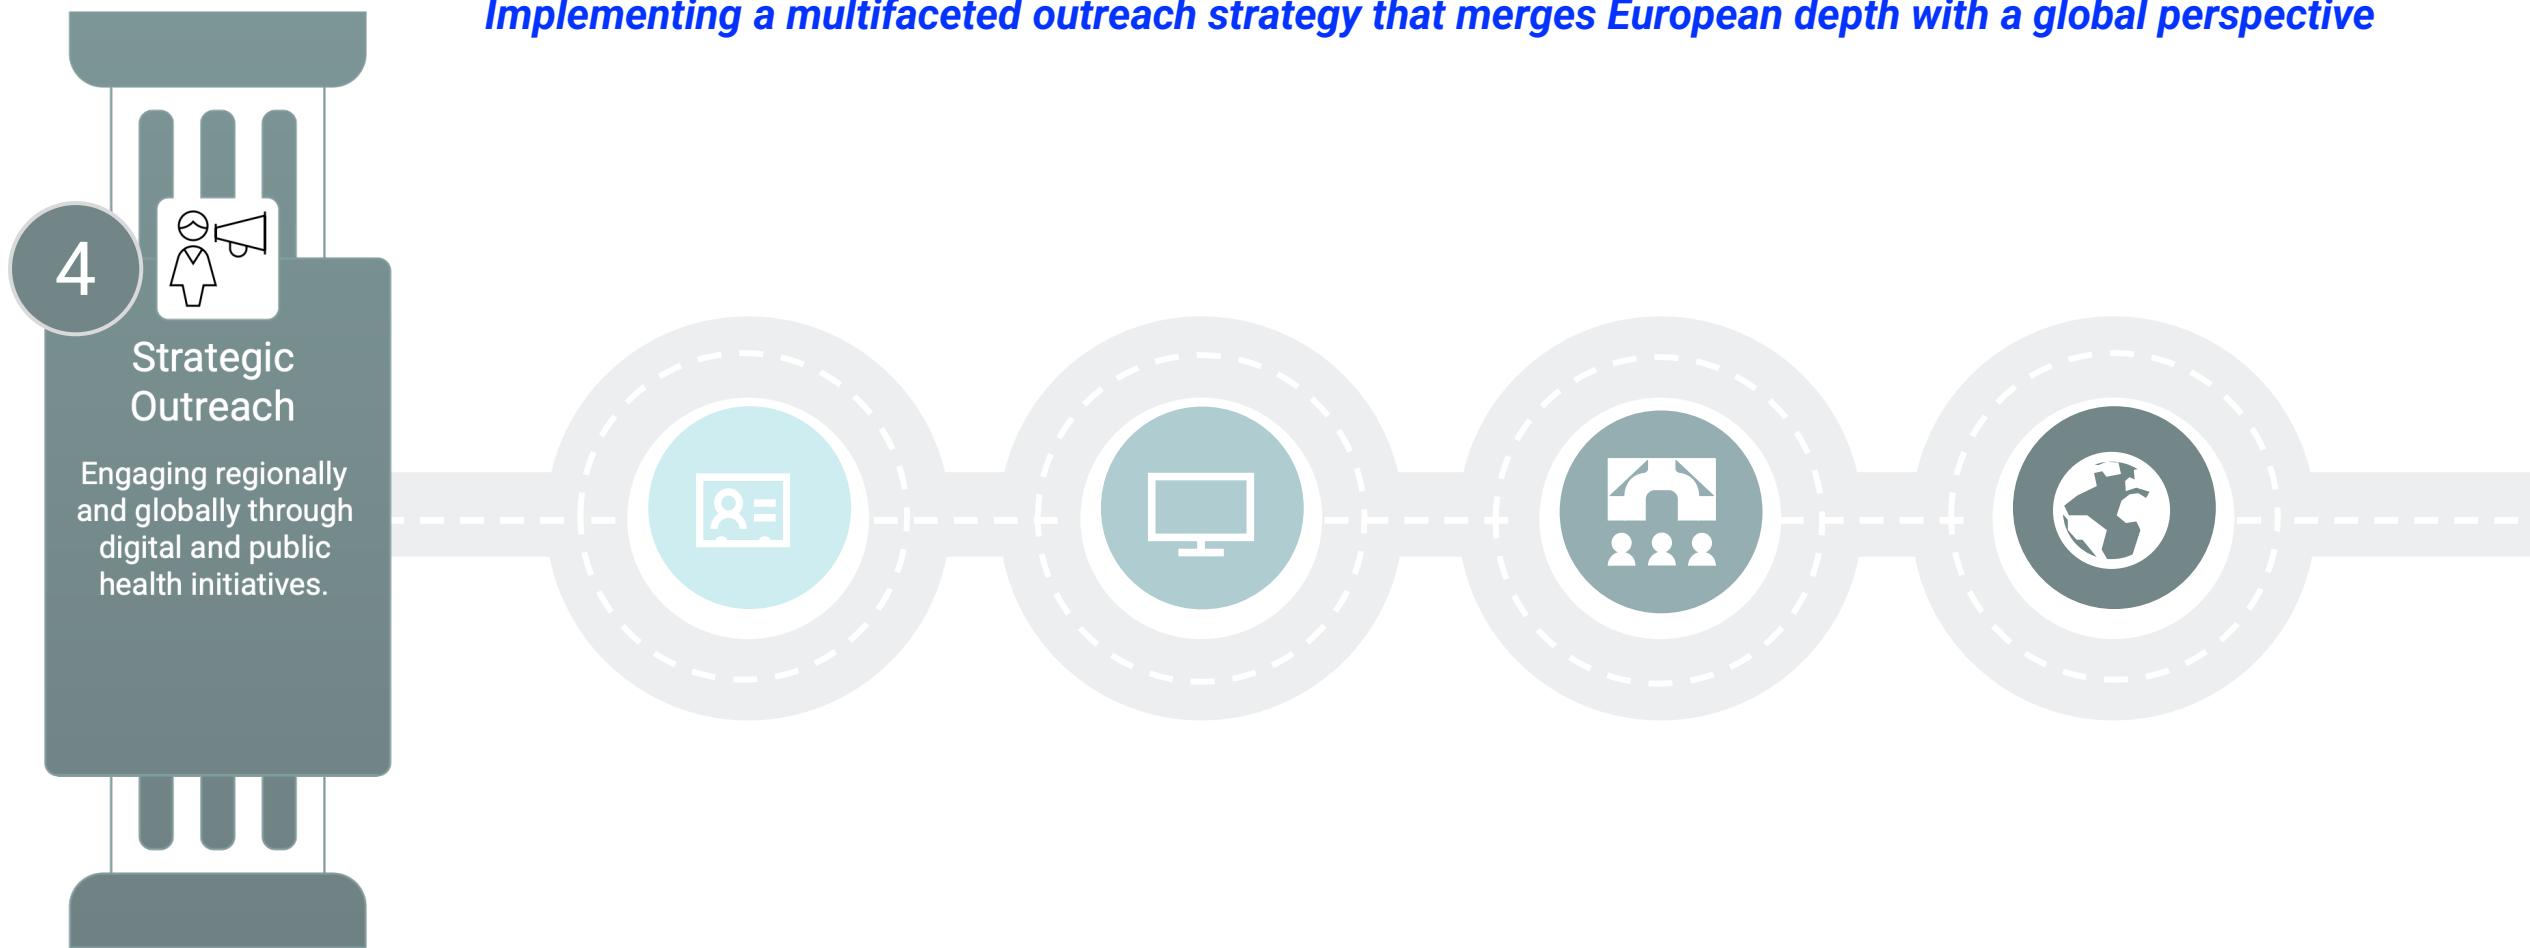

3 Advancing Translational Research

4 Multifaceted Outreach Strategy

Implementing a multifaceted outreach strategy that merges European depth with a global perspective

Multifaceted Outreach Strategy

Strategic Outreach

Engaging regionally and globally through digital and public health initiatives.

Regional and Tailored Engagement

- A **tiered** regional outreach strategy across Europe
- **Quarterly forums** to address specific clinical and allergen-related needs

Strategic Partnerships and Advocacy

- Collaborate with public health authorities to **standardise allergy protocols**
- Strengthen patient advocacy through '**EAACI Patient Voice**' Initiative

Digital Learning Ecosystem

- A **multilingual, CME-accredited online learning platform**.
- **Mobile app** development to support clinician education across Europe

Global Collaboration and Accessibility

- Formalise international **partnerships**
- Expand '**EAACI Global Faculty**' Program
- Promote **inclusive membership** through financial support

5 A Comprehensive Digitalisation Approach

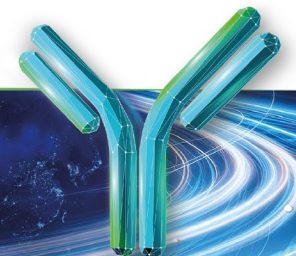

A transformative digital initiative designed to enhance our Academy's global reach and educational effectiveness

5

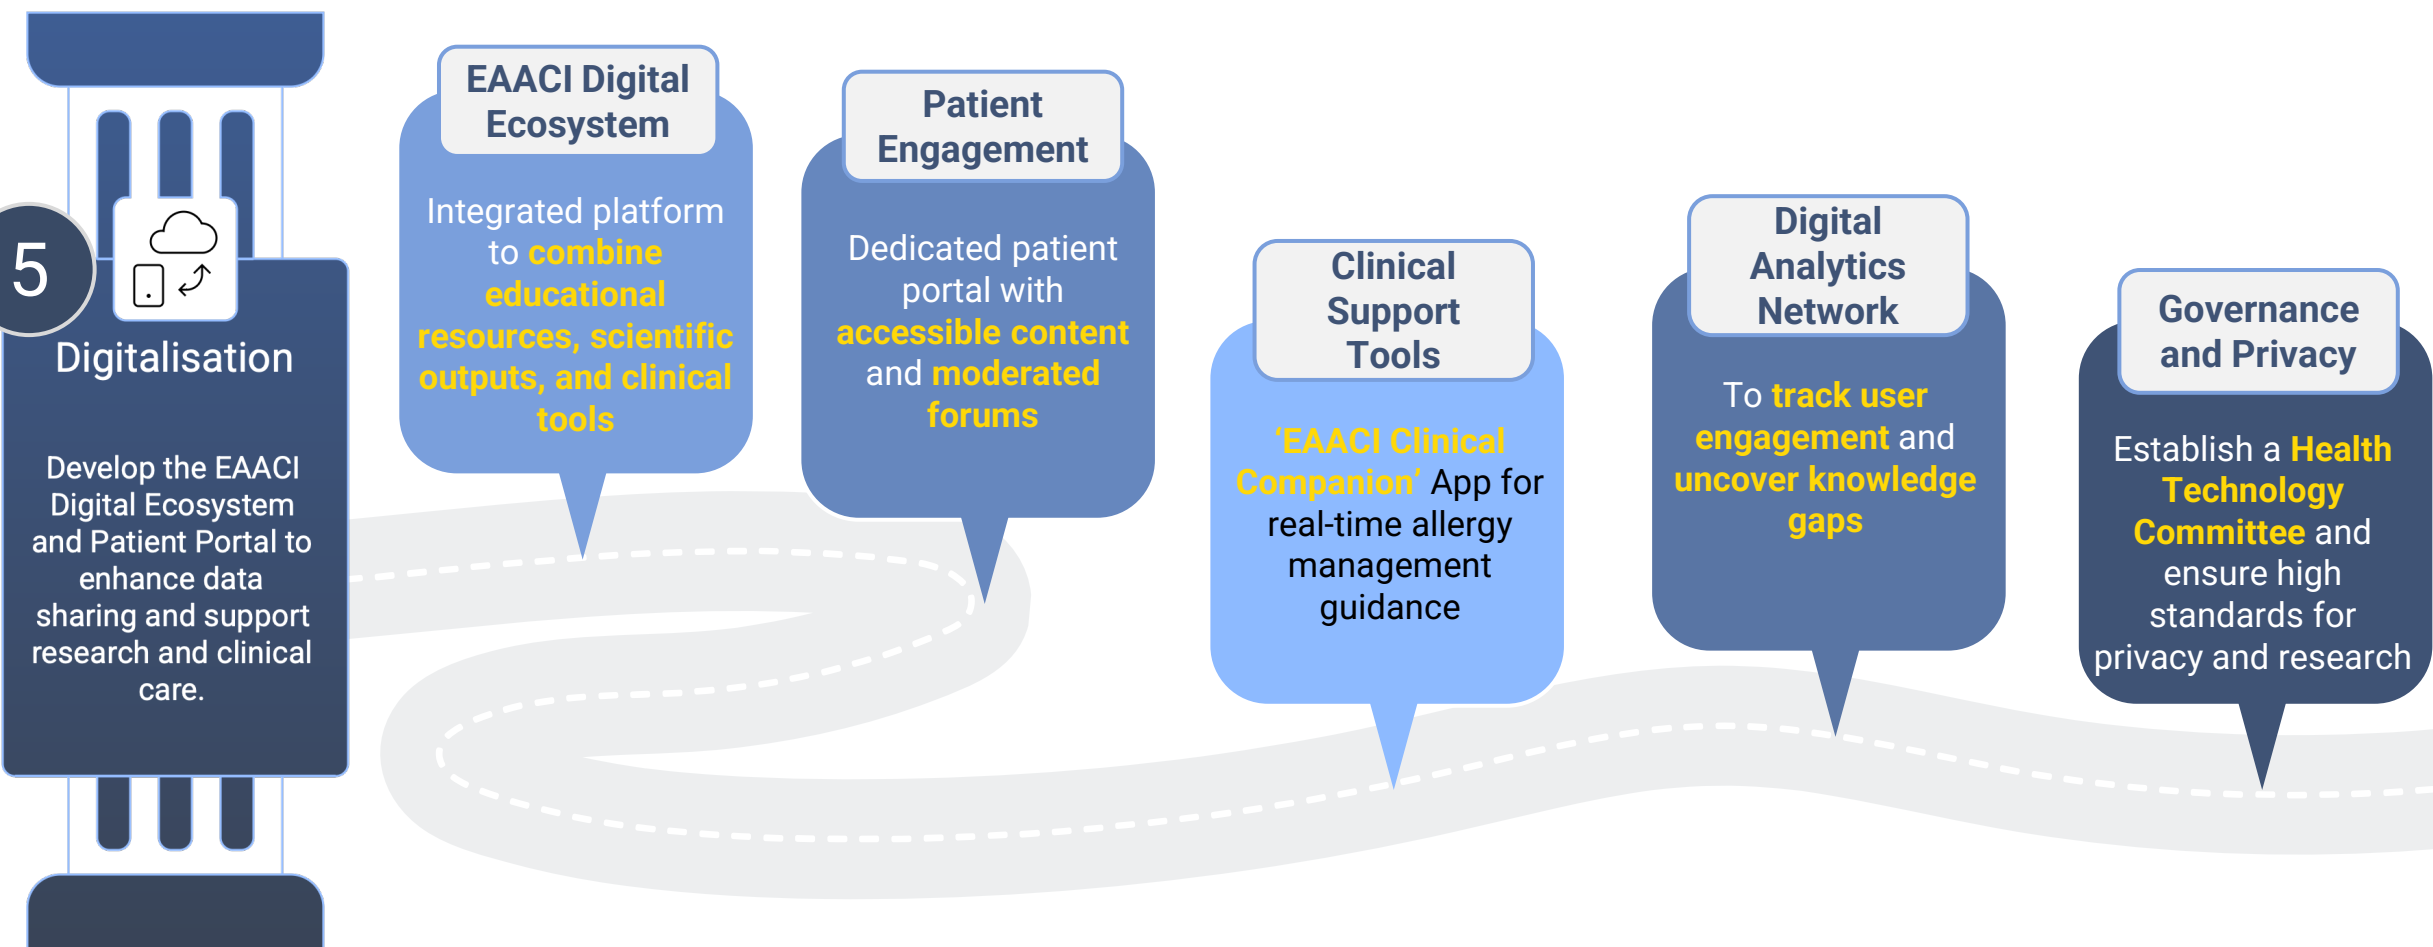

Digitalisation

Develop the EAACI Digital Ecosystem and Patient Portal to enhance data sharing and support research and clinical care.

5 A Comprehensive Digitalisation Approach

6 Implementing The Five Pillars through 7 key steps

1

Establish Transparent Governance Foundation

2

Launch Digital Transformation Initiative

3

Expand European Membership Through NAIS Integration

4

Strengthen Scientific Translational Research Infrastructure

7

Ensure Sustainable Growth and Legacy

6

Build Comprehensive Research Networks

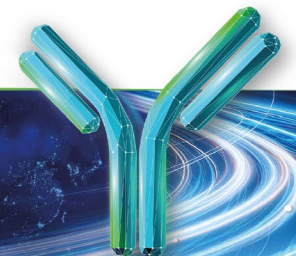

5

Implement Global Outreach Strategy

EAACI
EUROPEAN ACADEMY OF ALLERGY
AND CLINICAL IMMUNOLOGY

www.eaaci.org
#EAACIcongress2025

7 My Three Key Presidential Priorities

1

Patient-Centered Excellence and in partnership

- Introduce a "**Patient Impact Framework**"
- Launch the "**EAACI Patient Voice**" initiative to involve patient advocacy groups
- Include **Patient Representation** on key committees
- Develop a **Patient Portal** with educational resources
- **Patient-Friendly Summaries** in clinical guidelines

2

Financial Sustainability Through Strategic Event Excellence

- Transform EAACI events into **premier global educational and networking platforms**
- Expand the annual congress with **innovative hybrid formats** through the Nexus
- Develop **corporate partnerships**
- Introduce **year-round digital education platforms** with tiered subscriptions

3

Comprehensive Inclusivity and Global Accessibility

- Promote **inclusivity and accessibility** ie. differential fees, multilingual resources, low-bandwidth/offline educational tools
- Ensure **diverse leadership** by mandating representation from junior members, allied health professionals, and underrepresented regions
- Build a **globally connected community**

A strategic, global vision for the European Academy of Allergy and Clinical Immunology (EAACI) - 2026 to 2028
