Beijing

## Invitation

On the occasion of the joint organization of the "Beijing EAACI Allergy School & 2026 PUMCH Spring Allergy Forum" by the European Academy of Allergy & Clinical Immunology (EAACI) and the Chinese Academy of Medical Sciences, Peking Union Medical College Hospital (PUMCH), we extend our warmest welcome to all participants! This prestigious event will be held in Beijing from May 7 to 9, 2026, marking the inaugural launch of EAACI's flagship academic activity in Asia and China.

Under the theme "Bridging Eastern and Western Allergy Medicine: From Research to Practice, From Learning to Application," the forum aims to build a bridge for research and practice in allergy medicine between the East and the West. Beijing, a historic city blending tradition and modernity, provides a unique and profound backdrop for this exchange. As a renowned institution in China's medical field, Peking Union Medical College Hospital brings a solid academic foundation to the conference with its century-old legacy. We are deeply honored to co-host this significant event with PUMCH, gathering leading global experts and scholars to share the latest advancements and cutting-edge developments in allergy and clinical immunology.

The conference program balances depth and breadth, featuring internationally aligned academic sessions as well as specialized Chinese-language segments to foster in-depth dialogue. We anticipate approximately 400 clinicians and researchers to join us on-site for this high-level academic gathering.

Your participation will greatly enrich this East-West dialogue. Let us stimulate intellectual exchange and collectively advance the innovation and clinical practice of allergy medicine.

The conference offers multi-tiered sponsorship opportunities for corporate partners, as detailed in the partnership brochure. Your support will not only be crucial to the success of this event but will also help position your company as a leader in the global field of allergy medicine.

We sincerely look forward to your partnership!

With great enthusiasm and anticipation,

**Chairpersons, Beijing EAACI Allergy School & 2026 PUMCH Spring Allergy Forum**

**Dr. Kai Guan**

Local Organizing Committee Chair

**Dr. Mohamed Shamji**

EAACI Secretary General

**Dr. Maria Torres**

EAACI President
