

Name	Surname	Main research area	Country
Shahid	Abbas	Immune reprogramming, SLIT (including AR/VR-assisted), tolerogenic therapies, and immunomodulation for allergy, autoimmunity, and inflammaging.	Pakistan-Dubai (UAE)
Hebaalla	Abouelmaatty	Food Protein-Induced Enterocolitis Syndrome (FPIES).	United Kingdom
Ian	Adcock	Severe asthma, inflammation, multi-omic analysis, epithelial cell biology.	United Kingdom
Stefania	Arasi	Food allergy in children	Italy
Hasan	Bayram	Air pollution, climate change, respiratory health, allergic diseases, airway inflammation, asthma, COPD, COVID 19, pulmonary diseases.	Turkey
Felicitas	Bellutti Enders	Pediatric allergy	Switzerland
Hitesh	Billa Lakshmi	Epidemiology of Aeroallergens, Food allergy, ABPA, Drug hypersensitivity reactions.	India
Katerina	Boshkovska	Pediatric pulmonology and tuberculosis in children	North Macedonia
Maria	Bova	Angioedema and urticaria	Italy
Andrzej	Bozek	Immunotherapy, biologics, venom immunotherapy	Poland
Lali	Bugadze	Allergy Rhinitis, Spirometry, Bronchial Asthma	Georgia
Deniz	Cagdas	Pediatric Immunology	Turkey
Riccardo	Castagnoli	Clinical Immunology/Pediatric Rheumatology	Italy
Francisca	Castro Mendes	Public health, nutritional epidemiology; pediatric respiratory health, asthma and allergic diseases; diet-immune interactions; population-based cohort research	Portugal
Azzurra	Cesoni Marcelli	Hereditary angioedema	Italy
Ivan	Cherrez-Ojeda	Chronic urticaria, Oscillometry, Artificial Intelligence	Ecuador
Rahul	Chodhari	Food allergy, Asthma education, digital/remote service development	United Kingdom
Sarah	Dager Garcia	Anaphylaxis	Spain
Thanos	Damialis	Aerobiology and pollution, climate change, allergic and non-allergic diseases	Greece
Abhishek	De	Urticaria, Atopic Dermatitis, Skin Allergies, Biologics and Small Molecules	India
Maria Isabel	Delgado Dolset	Biomarker research in severe allergic asthma and respiratory diseases using omics.	Switzerland
Thomas	Eiwegger	Food Allergy, desensitization, natural tolerance development, biologics	Austria
Luis Felipe	Ensina	Urticaria and drug allergy	Brazil
Gavriela	Feketea	Wheezing, food allergies, allergies in schools, complementary feeding	Greece
Ruben	Fernandez-Santamaria	Hypersensitivity reactions to drugs (mechanisms, in vitro diagnostic tests, biomarkers); asthma (mechanisms, biomarkers)	Spain
Ghada	Fouda	Allergen Immunotherapy, Urticaria / Angioedema, Food Allergy OIT, Drug Desensitization	Egypt Germany

Cesar	Galvan	Molecular Allergy, Exposome/Climates, Asthma, Occupational Allergy, Immunostimulants	Peru
Deb	Ghosh	Allergen structure and function, omics and machine learning.	USA
Mar	Guilarte	Hereditary Angioedema, Angioedema/urticaria, Mast cell diseases/Mastocytosis	Spain
Armine	Hakobyan	Drug hypersensitivity, Hereditary Angioedema	Yerevan, Armenia
Amel	Hassan	Genetic diagnosis, functional validation of variants (VUSs), stem cell transplant outcomes in immunodeficiencies, new genes.	Qatar
John	Holloway	Genetic and epigenetic epidemiology	United Kingdom
Michelle	Huffaker	Immune tolerance, food allergy, allergic rhinitis	USA
Jozef	Janda	Flow cytometry, Immunology, One health, Allergy, Veterinary	Czech Republic
Elif	Karakoç Aydıner	Pediatric allergy and immunology, IgRT, Hereditary Angioedema, APDS, ADA deficiency, food allergy	Turkey
Nino	Khurtsidze	Foreign body in the gastrointestinal tract (esophagus)	Georgia
Pavel	Kolkhir	Chronic urticaria	Germany
Maria	Kostara	Food allergy, Urticaria	Greece
Raj	Kumar	Allergy and Immunotherapy	India
Irving Noe	López Fletcher	Asthma	Guatemala
Juan Carlos	López Rodríguez	Pollinosis, epithelial barrier, unconventional T cells, infections, allergic inflammation	Spain
Vybhavi	M K	Allergic Rhinitis	India
Javad	Mahdavi	Urticaria, Rheumatology, Infectious Diseases, Clinical Microbiology, Systematic Review	Iran
Gustavo Andres	Marino	Anaphylaxis, Food Allergy, Occupational Allergy, Drug Hypersensitivity, Immunodiagnosics.	Argentina
Ivan	Marković	Drug allergy, food allergy, allergen immunotherapy	Croatia
Mónica	Martínez Blanco	Food allergy, microbiota, immunology, oral tolerance	Spain
Dragan	Mijakoski	Food allergy, Immunotherapy in Food Allergy, Occupational allergology, Atopic Dermatitis and Chronic Urticaria	North Macedonia
Jordan	Minov	Occupational pulmonology, COPD	North Macedonia
Mahshid	Movahedi	MHC-2 deficiency, COVID vaccine antibody in PID, CRD test	Iran
Manali	Mukherjee	Airway inflammation, autoimmune and sputum autoantibodies, sputum biomarkers, treatment responses to Biologics, mechanisms of chronic lung disease, long covid	Canada
Karthik	Nagaraju	Pediatric Asthma, Allergen Immunotherapy	India
Michal	Ordak	Statistical Analysis in Allergy and Immunology; Statistical recommendations; Artificial intelligence and biostatistics in allergology	Poland
Marta	Palomo Irigoyen	dermatology, peripheral nervous system	Austria
Giovanni	Paoletti	Allergen Immunotherapy, Severe Asthma, CRSwNP	Italy
Indrashis	Podder	Urticaria	India

Besim	Prnjavorac	Allergen immunotherapy, Allergy, Autoimmune diseases	Bosnia and Herzegovina
Jennifer	Protudjer	Primary prevention; early introduction; psychology/quality of life of food allergy; financial burden of food allergy; education	Canada
Leyla	Pur	Drug allergy, NSAID hypersensitivity, CRSwNP, innate immunity and mast cells in allergy	United Kingdom
Sopio	Qipshidze	Drug hypersensitivity	Georgia
Caroline	Roduit	Early-life environmental factors, such as nutrition, related to allergy; gut microbiome and metabolites in early life.	Switzerland
Vito	Sabato	Mast cell diseases, Drug allergy/hypersensitivity, In vitro test	Belgium
Stefan	Schülke	Immune metabolism, adjuvants in AIT, Api m 10	Germany
Olena	Sharikadze	Allergen Immunotherapy, Atopic Dermatitis, Telemedicine	Ukraine
Tina	Sindher	Food allergy, atopic dermatitis, eosinophilic esophagitis, and vaccination/immunology	USA
SACHIN	SINGH	Asthma, Cystic fibrosis, Pediatric Pulmonary tuberculosis	India
Marina	Takao	Use of technology in Allergology and Immunology, Inborn errors of immunity	Brazil
Ender	Terzioglu	Eosinophilic vasculitis, urticaria, sard-ild, allergen immunotherapy, drug allergy	Turkey
Chiara	Tontini	Mast cell biology, mast cell activation test, omics, machine learning	United Kingdom
Johannes	Trück	Food allergy, OIT, anaphylaxis, hymenoptera, SCID newborn screening, immunodeficiency, B cells, Vaccines, Antibodies	Switzerland
Sophia	Tsabouri	Food allergy, allergen immunotherapy, chronic urticaria	Greece
Menno	van Zelm	Primary Immunodeficiency, Allergy and allergen immunotherapy, Infection and vaccination responses	Netherlands
Emilia	Vassilopoulou	Immunonutrition, allied health, nutritional psychology, food allergy, allergies	Greece
Carina	Venter	Food allergy, Nutrition, Immunonutrition, Prevention	USA
Joana	Vitte	Mast cell tryptase; molecular allergens; anaphylaxis	France
Waseem	Qureshi	General Medicine	India
Eliza	Wasilewska	Pulmonary function test, dietary habits and allergy	Poland
Tomasz	Wypych	Mouse models of asthma, mouse models of respiratory disease, microbiome	Poland
Özge	Yilmaz Topal	Drug Allergy, asthma	Turkey
Su Boon	Yong	Atopic dermatitis, biologics and small molecule drugs	Taiwan
